Distribution of Hispanic Population

This map was part of a larger effort to identify concentrations of disadvantaged populations in the region, in order to assess their travel times.

Three scenarios were developed: 2000 Base conditions depict the existing transportation network; 2030 Existing plus Committed (2030 E+C) includes all projects currently funded in the Transportation Improvement Program (TIP); and 2030 Plan includes all projects currently in the Congestion Management System (CMS) list.

Persons of any race who classified themselves in one of the specific Spanish/Hispanic/Latino origin categories listed such as Mexican, Mexican American, Puerto Rican, or Cuban, as well as those who indicated that they were of other Spanish/Hispanic/Latino origin, were counted among the Hispanic population.

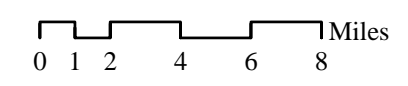

Hispanic Population by County

- Below County %
- Above or Equal to County %
- No Population

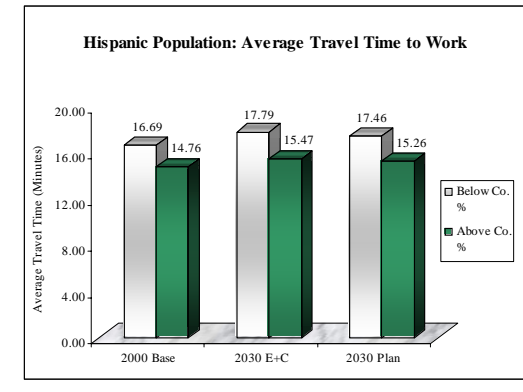

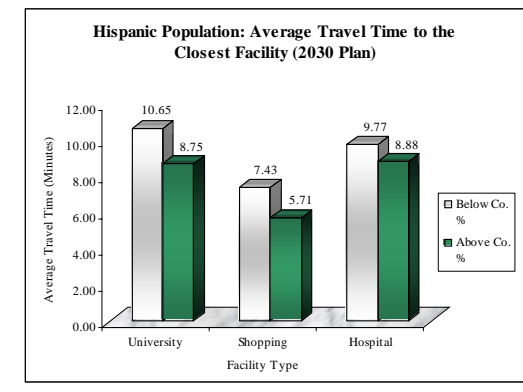

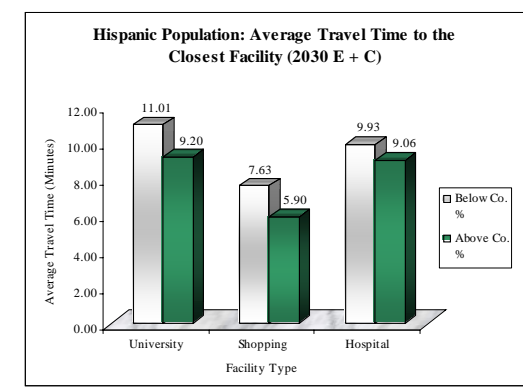

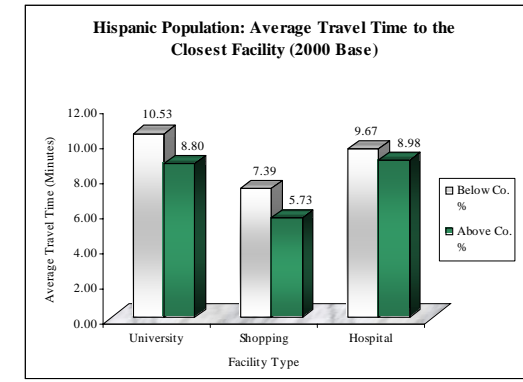

Hispanic Population Percentage by County

Miami County	0.70%
Greene County	1.20%
Montgomery County	1.30%
Warren County	1.00%
