

CY2014 Recommended Congestion Mitigation / Air Quality (CMAQ) Projects

Project Sponsor	Project Name	Project Location	Project Description	Total Project Cost	Federal Funds Requested	Federal Funds Recommd.
City of Franklin	Downtown Signal Management System, Phase 2	Riley Boulevard at E. Fourth Street, Riley Boulevard at E. Sixth Street and E. Sixth Street (SR 123) at Anderson Street.	Reconstruction of three traffic signal installations with equipment conforming to current standards including detection for motorized vehicles, bicycles and pedestrians and battery backup. The traffic signal operation will be managed by the City using proposed fiber optic interconnect cable for communications with the traffic signals.	\$1,420,279	\$911,346	\$911,346
City of Franklin	Great Miami River Bikeway Gap Project	Great Miami River Bikeway from Baxter Drive to the Warren/Butler County Line.	Construction of approximately 4,450' of a 10' wide bike path adjacent to SR 73. The project would include the installation of a retaining wall for approximately 400', installation of concrete barriers to separate traffic and the extension of storm sewer facilities.	\$1,184,350	\$931,480	\$931,480
GDRTA	Purchase of Three Dual Mode Electric Trolley Buses	Dayton and surrounding communities	The replacement of the Electric Trolley Bus Fleet with Dual Mode Electric Trolley Buses with the ability to operate off-wire for significant distances and times will allow GDRTA to expand service past the end of the current wire system. This will provide new service opportunities for outlying communities in and out of the county. The clean fuel aspect of these buses will have a positive impact on the region's air quality.	\$6,536,250	\$5,229,000	\$2,614,500
City of Kettering	City of Kettering Traffic Signal Replacements Phase 2	Various intersections in the City of Kettering.	Reconstruction of six traffic signals, installation of a new traffic surveillance camera, addition of street lights to the traffic signal poles where necessary, and fiber optic cable and splices will be replaced and installed underground.	\$1,686,200	\$1,189,650	\$1,189,650
Miami Township (Montgomery County)	Lyons Road Pedestrian Access	South side of Lyons Road extending west to east between Byers Road and SR 741, then extending 1,200' north from Lyons Road along the west side of SR 741 connecting to existing sidewalk.	Construct a separated concrete sidewalk and provide curb and gutter in order to create a buffer zone from traffic, including signalized pedestrian crossings and markings.	\$1,556,000	\$1,059,390	\$1,059,390

Total Combined Project Costs for Recommended CMAQ Projects: \$33,096,606

Total CMAQ Funds Recommended: \$7,744,522
