123869	Wilmington Pike at Clio Road-This intersection improvement includes the following: In the southbound direction, a second left turn lane and an additional through lane will be added. In the westbound direction, a right turn lane will be added to separate the right turn traffic from the current shared through-right lane. In the northbound direction, a second left turn lane will be provided in addition to a new shared 480' long through-right lane. On the eastbound approach, the existing dual left turn lanes will be extended to 300'/400' and a 360' right turn lane will be added. The eastbound dual left lanes will be extended such that the Premier Drive will be converted into a right-in/right-out operation due to the median island extension adjacent to the eastbound left turn lanes.
