Mr. Brad Daniel presented the thirteenth revision to the SFY 2026-2029 TIP and gave an overview of the numerous project changes made by MVRPC and ODOT. Mr. Daniel reviewed the transit tables and lists of various projects categorized by county. Mr. Martin assured the Board that engineers and planners had gone through each of these projects line by line & encouraged any questions.

The floor was opened to discussion, Mr. Brian Lunne inquired about the cost of electric vehicle charging stations. Mr. Daniel said that there was a consultant that helped with the projects. Mr. Martin stated that we can provide a detailed breakout, an average cost. Mr. Celek guessed that the cost could be due to it being a high-speed charger.

Mr. John Bruns moved to approve the resolution. Ms. Yvette Page seconded the motion. The motion passed unanimously.

V. INFORMATION ITEMS

A. FY2028 Dayton Development Coalition's Priority Development and Advocacy Committee (PDAC)

Mr. Brad Daniel presented the Miami Valley Regional Planning Commission is working with the Dayton Regional Priority Development and Advocacy Committee and other organizations throughout the entire Miami Valley region to identify projects that will be eligible for state and federal funding. The solicitation for new projects started on September 14th, the deadline will be on November 23rd of this year. Those will include any surface project, air, rail, transit, and pedestrian-related, transportation projects. The MVRPC will also be handling the government services projects and those will look at anything with criminal justice, first responders, community and neighborhood infrastructure, and K through 12 educational projects.

Mr. Daniel then opened the floor for questions and comments, no questions were asked.

B. Long Term Disaster Recovery Story Map

Ms. Elizabeth Baxter & Ms. Rebecca Carr presented the storyline that showcases the events that our region went through from the 2019 Memorial Day tornadoes. Mr. Baxter stated that it is important to remember how we came together as a community so we can continue as a region to remain resilient. Ms. Carr said that this particular platform was chosen because of its emphasis on visuals and less on text, showing the work that MVRPC did alongside our partners. This is available to view on the MVRPC website so that other regions can use it as a resource, a toolkit that has guides, templates, etc.

Ms. Baxter opened the floor for questions. Mr. Martin said that the story highlights the work

of our partners such as the Dayton Foundation and Sinclair Community College, getting the help out to the right places at the right times. Mr. Bruns inquired about county EMA's or county emergency management, what do you target, verses what they do & how do you complement each other? Ms. Baxter stated that MVRPC works with a lot of county EMA's, providing support, resources that we put together for the resiliency plan within that toolkit. Ms. Georgeann Godsey thanked MVRPC for the help and coordination, as well as the first responders and volunteers that came out and helped Harrison Township after the 2019 tornadoes. Mr. Martin encouraged Harrison Township to do a presentation about their story when they are ready. Mr. Woody Stroud thanked Mr. Martin & the MVRPC and he pointed out the necessity to have cooperation throughout our region; a variety of individuals and organizations were essential to combine different approaches & create a successful plan for preparation for the future.

C. Housing Resilience: From Devastation to Recovery

Ms. Stephanie Kellum & Mr. Chad Downing presented the City of Trotwood's story of the 2019 Memorial Day tornadoes and the importance of emergency resiliency preparedness & planning, as well as deploying quickly. She emphasized strength-based leadership, coordinating of volunteer efforts, getting help where it was needed and staging it. Ms. Kellum stressed the need for immediate collection of data for FEMA, as well as showing appreciation for the volunteers. Mr. Downing discussed the partnerships with County Corp and others that were part of the Pathways to Homeownership program that helped with the rebuilding process. He emphasized how important it was to meet people where they are, being accessible, providing different options for folks. Partnerships with multiple organizations within and outside of our region helped to make recovery possible for the City of Trotwood. Ms. Kellum thanked Mr. Martin and his team for their help and the Board for the opportunity to present.

Ms. Kellum opened the floor for questions, none were asked.

D. MVRPC's New Website

Ms. Laura Dent presented the features of the new and improved MVRPC.org. Gravity Works was the vendor that modernized the content and ensured that MVRPC met the web content accessibility guidelines (WCAG) 2.1 level AA guidelines as a requirement under Title II of the American Disability Act. The website features the Resiliency Disaster Recovery Story Map, as well as information about solicitation deadlines, director's updates, data resources and a library of created plans in rotation. The meeting center is a comprehensive list of all of our ongoing meeting groups, as well as upcoming meetings and information. Ms. Dent encouraged the attendees to reach out to her if you cannot find a resource, if something is broken, or if you need any assistance with compliance, for those guidelines.

MEMORANDUM

TO: Institute Steering Committee

FROM: Brian O. Martin, AICP, Executive Director

DATE: October 14, 2026

SUBJECT: October 2026 Age-Friendly Initiative Grant-Award Recommendations

Age-Friendly Communities have responded to the encouragement from MVRPC and The Dayton Foundation (TDF) to apply for funding to conduct Needs Assessments and to implement their Age-Friendly action plans.

The proposals received, which are summarized below, address multiple Age-Friendly Domains—Outdoor Spaces, Health Services, Civic Participation & Employment, and, Social Participation

The recommendation at this date is to award five (5) grants with this cycle. There are two applications operating as a combined effort towards creating a joint Action Plan between the City of Beavercreek and Beavercreek Township. The other three are Phase 2 grants to help communities implement Age-Friendly goals of their respective Action Plans.

Recommendations for approval in this cycle are as follows:

City of Beavercreek & Beavercreek Township

The City of Beavercreek and Beavercreek Township will work jointly to contract with a vendor to use the Beavercreek Age-Friendly Community Survey to identify specific, achievable action steps that will have the highest positive impact for older adults. Beavercreek in collaboration with Beavercreek Township, completed their Phase 1 Needs Assessment early this year. The two agencies will continue their cooperation and collaboration by jointly crafting the Community Age-friendly Action Plan. Each agency has applied for half of the projected cost.

The City of Beavercreek and Beavercreek Township share a senior center and aim to build upon the foundation provided by the needs assessment, consider the services already being offered, and fill gaps to better serve the expressed needs of our aging populations. This partnership leverages the reality that aging residents from both respective member communities likely have similar aging experiences, and can benefit from a collective approach.

Total Amount Requested: $20,000 ($10,000 each)
Total Project Budget: $20,000
Amount Recommended: $20,000 ($10,000 each)

City of Huber Heights

Age-Friendly Domains: *Social Participation; Health Services; Respect & Inclusion; Outdoor Spaces & Buildings, Civic Participation & Employment.*

The City of Huber Heights is seeking funding to repair and resurface the popular walking path in Shullgate Park. Not only is this half-mile walking path heavily used by older adults, it has been adopted by the Huber Heights Senior Center members via the City's Adopt-A-Park program.

The impetus comes from the Needs Assessment call for walkability audits to rectify mobility barriers, and to make improvements to increase accessibility and expand outdoor activity. Older adults who use this path include those using canes, walkers and other mobility aids.

Total Amount Requested: $10,000
Total Project Budget: $20,000
Amount Recommended: $10,000

City of Dayton

Age-Friendly Domains: *Housing; Community Support & Health Services; Transportation; Social Participation and Civic Engagement*

Dayton City Council recently approved their Age-Friendly Action Plan. With that approval, they are officially ready to implement their plan. This request is a collaboration with members of the Dayton Home Repair Network, specifically to build five (5) residential accessibility ramps for low-income, mobility-impaired older adults.

The project directly addresses the needs assessment's top recommendation: more age-friendly housing. It specifically targets the concern of aging in place. The City will serve as pass-through fiscal agent to Dayton Home Repair Network partners, Rebuilding Together Dayton and Habitat for Humanity.

Total Amount Requested: $10,000
Total Project Budget: $10,000
Amount Recommended: $10,000

City of Vandalia

Age-Friendly Domains: *Health Services; Respect & Social Inclusion*; *Social Participation; Transportation; Outdoor Spaces & Buildings*

The request is to contribute to the layout and engineering design of a new, expanded facility to replace the existing Vandalia Senior Center. The intent is to connect the new Senior Center to the existing Vandalia Recreation Center. By connecting to the Recreation Center, older residents have convenient access to activities and amenities of both, without having to travel between two locations.

Vandalia expects a $100,000 State of Ohio grant, with the remaining cost of the project coming from the General Fund.

Total Amount Requested: $10,000
Total Project Budget: $450,000
Amount Recommended: $10,000

2026 Tour de Gem Bike Ride Held in Greene County

Although it was a cool and cloudy morning due to threatening Hurricane Isaias, Team MVRPC and the Region turned out for the 2026 Americana 250 Cycling Classic at the Greene County Fairgrounds on Sunday, October 11. This was the latest in the Tour de Gem series rides supporting the work of United Way of Greater Dayton and the many organizations providing invaluable services to people in our region.

MVRPC's Participating Staff in the Tour de Gem Event

MVRPC was a sponsor of this year's event and we used the opportunity to share information about the Miami Valley Trails and GOhio Commute with riders and other sponsors as well as ride the 10mile route. Mayors from many Greene County municipalities were also participants in the event including Mayor Kirkpatrick of Fairborn, Mayor Reynolds of Xenia, Mayor Adams of Beavercreek, Mayor Cody of Cedarville, and Mayor Bradley of Jamestown. State Representative Brian Lampton also attended the event.

When there is an opportunity to work with partners and support our neighbors and communities, MVRPC staff always show up regardless of the conditions. Supporting the Tour de Gem series has been a great partnership and the residents and officials are always pleased to see MVRPC out in the community. It was a well attended event despite the potential effects from hurricane Isaias.

The Team completed the fun 10-mile route in just over an hour with stops at the Greene County Historical Society and at Xenia Station – a major hub of the Miami Valley Trails. At the stops, the team enjoyed snacks and the opportunity to learn about Greene County history. Did you know the clock atop Greene County's historic courthouse was hand-wound on a daily basis until 1943?

Congratulations to Team MVRPC for their participation, and to United Way for holding a successful Tour de Gem event!

Spending Time to Thank Federal Judge Walter Rice for his Service to MVRPC and Ohio

Over the last decade, Judge Rice was pivotal in advising the ideation and creation of the Institute for Livable & Equitable Communities at MVRPC. He has continued to contribute as an inaugural committee member of the Regional Equity Initiative. MVRPC is deeply grateful for Judge Rice's visionary leadership and enduring dedication to fostering a regional community where everyone matters. We are grateful for the opportunities presented to get to know him in working on strategies that ensure equity and fairness for everyone in our Miami Valley. His exceptional and exemplary service to both MVRPC and the Miami Valley Region has been outstanding. We look forward to continuing to work with Judge Rice as he indicated that he would like to continue his service on the Regional Equity Initiative committee. He visited us for the certificate presentation on October 14th.

Dayton Region Showcased as the "Gem" of the 2026 OKI Regional Planning Conference

The 2026 Ohio-Kentucky-Indiana (OKI26) Regional Planning Conference was hosted at the newly renovated Dayton Convention Center during September 30 and October 2.

With over 450 attendees from all three states and beyond, the conference provided extensive educational and networking programs under the "Healthy Planners for Healthy Places" theme. In addition, the conference offered great opportunities for the attendees to explore the Gem City and showcase many of our unique assets, history, and tradition. Exploration activities included walking tours of downtown and in neighborhoods, a visit to the WPAFB and Wolf Creek bike trail, and an evening reception in the Arcade's Rotunda with Funk music to highlight Dayton's title as "Funk Capital of the World."

MVRPC was heavily involved behind the scenes for this conference. MVRPC was a proud sponsor of the conference and many staff volunteered their time in both the planning committees and during the conference. Staff helped at every corner ensuring smooth operation, setting up for the conference, welcoming the attendees at the registration table, and staffing the reception.

MVRPC and area planners expanded their knowledge base by attending a diverse selection of sessions during the conference. Topics ranged from legislation in the Ohio statehouse, improving public participation, data center considerations, ethical challenges of Artificial Intelligence, age-friendly planning, and much more.

Further, Martin Kim, Director of Community and Regional Planning and Milo Simpson, Planner II, hosted an educational session titled “Planning for Health: Where do we stand?” This session engaged the attendees in the discussion of how to advance planning efforts to achieve healthy communities and shared insights from the agency’s Local Plan Health Assessment and Healthy Communities Needs Assessment conducted as part of its PLAN4Health - Miami Valley Initiative.

The Ohio-Kentucky-Indiana (OKI) Regional Planning conference is held every other year and is sponsored by the Ohio, Kentucky, and Indiana State Chapters of the American Planning Association.
