MEMORANDUM

To: Technical Advisory Committee, Board of Directors
From: MVRPC Staff
Date: April 14, 2020
Subject: Final SFY2021-2024 Transportation Improvement Program (TIP)

The Federal Highway Administration (FHWA)/Federal Transit Administration's (FTA) Statewide and Metropolitan Planning regulations require the development of both a State and Metropolitan Transportation Improvement Program (TIP). The ODOT Biennial STIP/TIP Development standard requires the submittal of Final TIP's to ODOT Central by April 30, 2020.

Staff has closely coordinated the development of the Draft TIP with all project sponsors including local jurisdictions, transit operators and ODOT. Staff accepted public comments on the Final TIP from March 9th through April 13th. No written comments were received during this round of public involvement.

The TIP includes highway, bikeway, transit and other projects which are entered into ODOT's ELLIS project tracking system which helps develop milestones and establish dates when projects will require federal funding authorizations through the STIP/TIP. Projects are entered into and tracked through ELLIS by establishing a project identification (PID) number. ODOT tracks programmed projects to ensure they meet development milestones and completion dates and the STIP/TIP then allocates federal funding as needed for preliminary engineering (ENG) Right of way (ROW) and construction (CON).

The highway/bikeway section of the Final SFY2021-2024 TIP includes tables listing projects for each one of our three counties plus the jurisdictions of Carlisle, Franklin, Springboro and Franklin Township in Warren County. Table 4.1 (Greene County), Table 4.2 (Miami County), Table 4.3 (Montgomery County), Table 4.4 (Warren County jurisdictions) and Table 4.5 (Areawide/Statewide and planning projects) show highway, bikeway and other improvements for which some phase of work will be advanced during SFY2021-2024. As required by ODOT, projects are sorted in the tables by the "County-Route-Section" number. Any federally funded phases of work during SFY2021-2024 must be approved by the FHWA prior to the encumbrance of federal funds. Tables 4.1 through 4.5 were developed utilizing the previous SFY2018-2021 TIP tables and have been modified to incorporate updated schedules and cost information for currently approved projects as well as all new projects.

Projects not considered to be of appropriate scale for individual identification in a given program year may be added to the STIP by statewide line item. Table 4.6 provides the current list and descriptions of projects utilizing statewide line items in MVRPC's region for SFY2021-2024. This table is provided for information only. Specific projects in this table are not included in the TIP and are not subject to TIP Amendments.

MVRPC's highway fiscal analysis is also part of the Final SFY2021-2024 TIP and includes tables listing projects for our MPO area. Table 4.7 documents the fiscal analysis for MVRPC controlled funding sources. For the highway/bikeway program, the fiscal constraint is based upon the State's estimate of Federal encumbrances/allocations through SFY2024.

The Transit section of the TIP includes separate tables for each of the three transit entities in the region. The GDRTA, Greene CATS and Miami County Transit.

A resolution adopting the Final SFY2021-2024 TIP is attached for your review.

Air Quality Awareness Program

MVRPC's Air Quality Awareness Program is a public education and behavior modification program in an effort to inform the residents of the Miami Valley Region about air pollution issues and how their behavior can impact not only the Region's air quality.

The Regional Air Pollution Control Agency, or RAPCA, monitors the air quality in the Region. MVRPC partners with RAPCA to promote air pollution advisories when poor air quality is forecasted.

The screenshot shows the Miami Valley Air website. The header includes navigation links for News & Events, About, Contact, Committee Center, English, Spanish, and a search bar. The main navigation bar lists Transportation, Regional Planning, Environment, Data & Mapping, Our Vision, and Our Members. The main content area is titled 'MIAMI VALLEY AIR' and features a 'CURRENT AQI' section with a 'Moderate' rating and a 'Turn the Key & Breathe Free' campaign graphic. Below this is a 'OUR CURRENT REGIONAL AIR QUALITY IS' section with a 'Dayton' forecast showing 'Current Air Quality 4/8/2020 12:00 EST' as 'Good' (PM2.5 15.00). A map of the Miami Valley region is shown with a color-coded AQI forecast. The footer includes a 'WHAT IS AIR POLLUTION AND HOW DOES IT AFFECT ME?' section and a 'COVID-19 Update' section.

COVID-19 IMPACT ON AIR POLLUTION

One phenomenon that is appearing globally due to the COVID-19 outbreak is a reduction in air pollution as a result of reduced vehicular traffic.

This evidence of pollution reduction resulting from decrease in vehicle emissions is a powerful reminder of the importance of our Rideshare and Vanpool programs, as well as our regional Air Quality Awareness program.

COVID-19 TRAIL USE IMPACT

Miami Valley Trails remain open for public use and are experiencing significant increases in usage.

Rails-to-Trails Conservancy (RTC) found a nationwide trail usage increase of nearly 200% from this time period in 2019.

While the trails and parks they travel through are open – playgrounds, athletic courts, restroom facilities and water fountains are generally closed.

The most recent updates on trail amenities are posted on the Miami Valley Trails web site: miamivalleytrails.org/covid-19-and-trail-amenities .

Shaping Our Region's Future Together

MVRPC Continues to Focus on the Miami Valley

The adversity from 2019 and now 2020 only increases our love for the Miami Valley Region. We have had considerable personal, organizational, and regional adversity in 2019 and now we're in this International COVID-19 Pandemic. I am happy to say that MVRPC is still here despite the need for accommodations that achieve the health and well-being of our outstanding agency staff. Our agency has remained open and we are all working for the betterment of our Region.

As news and protective measures started ramping up from Governor DeWine and Health Director Dr. Amy Acton, MVRPC leadership started preparing for impacts from Coronavirus. I first voiced my concern over this topic to staff during our All Staff/Birthday luncheon on March 10th. By then, the virus was marching through Asia and central and western Europe. By March 12th we had an impromptu All Staff meeting and by the 13th we were loading up on Antibacterial soaps and sanitary wipes to make sure that our workplace remained safe and employees healthy.

After seeing the calamity of the travel ban on Americans coming back home from abroad and the upcoming college and school closures, it was clear that COVID-19 was here and social distancing would become the new normal. On Monday 10/16 we developed an employee leave policy that encouraged staff to use their earned sick leave or vacation if they were unable to work either in the office or from home. By the 18th, we added in another policy that would convert the agency to a virtual office where most of the staff would Work from Home on March 20th and 23rd. It seemed that we were just ahead of Governor DeWine's and Director Amy Acton's "Stay At Home" Order that would go into effect on March 24th until April 6, 2020. Thus, we extended our Work from Home trial period through April 6th and I'm writing this article from home.

We are fortunate that we made intelligent investments in our computer systems over the last several years. Thanks to staff and consultant assistance, we have been strategic in making considerable investments in our agency network to address speed needs from remote computers over Virtual Private Networks (VPN). Several of us now have laptop PCs that we may transport between home and work or anywhere in between. If you will recall, during our last Executive Committee meeting, we added two laptop computers to our capital budget.

We had also moved our finance, payroll, and human resource software to cloud-based systems. These tools or apps behave the same at home on pc or smart phone or in the office by personal computer. We have been augmenting our remote networks so that we may meet or telecommute either by phone or video by subscribing to the Zoom software application.

As all of you know very well, we too have another challenge with regard to conducting agency business. The various health directives on number of people have threatened the ability for MVRPC to conduct business among our large board of directors. We typically have 45 in attendance for our Technical Advisory Committee (TAC) and 60 for our Board of Directors meeting. We consulted with our attorney and other regional councils on how to handle conduct of business during this pandemic. After an opinion memo by Ohio Attorney General Yost and remarks by Governor DeWine, on Thursday, March 19th we conducted our TAC by telephone. We started working on this when there was not clear direction but as the virus became a pandemic and states of emergency were rampant, policy and judgement moved us toward our decision to conduct business by telephone. We held TAC and

concluded the meeting in about a half hour. The Open Meeting telephone service started to crash due to capacity issues. Following that experience, we moved to the Zoom platform for our first all staff meeting during our virtual office trial on March 20th.

Given our successful telephonic TAC, we are hopeful that we will conduct the April Board of Directors Meeting by telephone as well. We have two action items in regards to grant requests that support the communities impacted by the Memorial Day Tornadoes. The quorum requirement for board meetings is one-third of the members and so we encourage your timely involvement in the Board of Directors Meeting on April 2, 2020.

Over the past two weeks, we have shared our experiences with other regional councils and local jurisdictions during conference calls on communication, finance, human resources, IT and other topics relevant to others through the National Association of Regional Councils (NARC) and Dayton Area Mayors and Managers.

MVRPC Adjusting Meetings, Programs and Services to Protect Health and Safety of the Region

MVRPC is doing our part to slow the spread of COVID-19. The health, safety, and well-being of our Region is our primary concern.

While the MVRPC Office remains open, most MVRPC staff will be working remotely through April 6, 2020. Remote work duration may be extended or reduced as the COVID-19 public health guidance continues to evolve. Though the location of our desks will change temporarily, you can rely on the same high level of member service and technical expertise we are proud to provide. All staff can be reached by email or phone, and the staff directory on our website provides this contact information all in one convenient place. MVRPC is also altering the format for upcoming meetings and public input processes, as well as making adjustments to many of our programs and services.

- In lieu of an in-person public open house to review the Region's Final Draft Transportation Improvement Program (TIP) and Draft MVRPC Public Participation Policy Update, MVRPC created and promoted extensively the opportunity for the public to review and provide feedback virtually. All documents are available on mvrpc.org/public-input. Comments on the TIP may be made through April 13, 2020, and on the Public Participation Policy through April 27, 2020.
- MVRPC contracts with Commute with Enterprise to administer the Vanpool service for our Region. Vanpools provide a financial incentive for groups of seven or more traveling a distance of at least 25 miles to work or school in the Greater Miami Valley Region. In order to maintain social distancing recommendations and accommodate for remote work schedules, MVRPC is working with Enterprise on a case-by-case basis to create solutions for those impacted such as temporary suspension of vanpool, splitting riders in larger vans into smaller groups and reimbursement of cleaning supplies.
- The MVRPC Regional & Community Planners are assisting Greene County with their Future Land Use Plan Project. The planned in-person community open house has been postponed, but the team pulled together a virtual open house to get information out and provide an opportunity to collect input from the public.
- The *Travel to Independence* program courses scheduled to take place in area senior centers this Spring have been cancelled because these facilities are now closed.
- MVRPC's Transit Coordination Planners are facilitating networking and information sharing by phone and web based applications for transit providers throughout the Region. Many transit providers are limiting hours because of the decrease in demand as well as the desire to protect their riders and drivers.
- Miami Valley Trails remain open for public use. Trails and open spaces are good places to relieve the stress of life under the State of Emergency - and it is very feasible to do so while maintaining social distance. THAT SAID, while the trails and parks are open - restroom facilities and water fountains are generally closed. An alert to this effect has been posted on the Miami Valley Trails web site: <https://www.miamivalleytrails.org/covid-19-and-trail-amenities>

The Effect of the COVID-19 Crisis on Future Projects

In an effort to be proactive during the Covid-19 crisis, MVRPC staff checked with project sponsors of funds to be awarded yet this fiscal year. Of the nine remaining projects, eight are anticipated to be awarded on time. The last one might be delayed due to unrelated issues with a R/W agreement and permitting. If all goes according to plan, MVRPC is expected to encumber approximately \$25.3 million of STP, CMAQ, and TA funds in SFY 2020, the highest ever total in a single year. With the global, national, and state economies facing an uncertain future it is important to have infrastructure projects ready to contribute and expedite economic recovery.

Grants & Funding Resources

On a monthly basis, MVRPC highlights several funding opportunities on our website that could benefit our member communities. We include a description, contact information and program links.
