Ms. Ramirez presented information regarding the endorsement of the District 8, Preble County I-70 Widening Project. She explained that District 8 is applying for TRAC construction funding for the segment from the Indiana State Line to Oxford Gettysburg Road. Last year's application was unsuccessful, so the project has now been divided into smaller segments for the 2025 cycle.

The widening project is expected to improve pavement conditions, reduce congestion, and enhance freight movement along the I-70 corridor, which is vital to the Miami Valley's large manufacturing base and growing logistics industry. Ms. Ramirez noted that staff and the RTPPO Steering Committee recommend endorsement of the project, and upon Board approval, a formal letter of support will be forwarded to ODOT TRAC members for consideration.

Mr. Barhorst made a motion to endorse the ODOT District 8 TRAC Application for the Pre I-70 Widening Project. Mr. Bowers seconded the motion. The motion passed unanimously.

He explained that MVRPC's suballocated funding policies and procedures were last updated in 2024 to include minor edits to reflect the availability of a resurfacing set aside and to remove CMAQ funding from this year's solicitation. MVRPC staff has since determined that additional updates are necessary. He then referred to the updates made in red text or strikethroughs in the policy document. Next, he opened the floor for questions. Lastly, Mr. Arnold stated staff recommends and the Technical Advisory Committee recommend approval for the updated policy to the Board of Directors.

Mr. Bruns made a motion to approve updating MVRPC's Suballocated Funding Policy. Mr. Housh seconded the motion. The motion passed unanimously.

Lastly, Ms. Whitaker stated that staff and the Technical Advisory Committee recommend adopting a goal to eliminate deaths and serious injuries on Miami Valley roadways. Next, she opened the floor for questions.

Mr. Miller discussed the need to expand data to include public safety personnel. The Board agreed and suggested including "road maintenance and public safety" to the resolution.

Mr. Miller made a motion to amend Resolution 25-24 to include road maintenance and public safety. Mr. Housh seconded the motion. The motion passed unanimously.

MVRPC Hosts Free GIS Training to our Members

MVRPC hosted a successful “ArcGIS Online Basics” training session on Thursday, September 11, 2025 at Wright State University’s GIS Lab. Intended for beginners who are new to ArcGIS Online, this training session covered hands-on learning modules on finding, managing and editing ArcGIS Online data as well as creating web maps and web mapping applications. It concluded with creating several versions of the popular ArcGIS Online StoryMaps application.

This session was MVRPC’s 15th training session since 2016. MVRPC staff served as instructors to over 15 participants during the training, providing detailed written tutorials and other materials that attendees could take back to continue to practice after the training was complete. The participants ranged from many member organizations including Greene, Montgomery and Preble Counties, Xenia and Miami Townships, City of Dayton, City of Sidney, and more.

MVRPC’s GIS staff provides 3 training sessions per year for our members using commonly used GIS programs such as ArcGIS Pro and ArcGIS Online. For more information about MVRPC’s GIS program and training opportunities, visit our website at mvrpc.org/data-mapping/gis-mvrpc or contact Tom Harner, GIS Manager at tharner@mvrpc.org.

Career fair participants learned about the mission of the agency, the work being performed, and of future internship opportunities with MVRPC. Staff answered questions about a variety of topics, and students expressed interest in many of the aspects of our work, such as; environmental planning, community engagement, transportation planning, GIS, sustainability, and more.

We would like to thank The University of Dayton for hosting another successful career fair and creating a great atmosphere to connect with the next generation of professionals. We hope to continue our strong partnership with the university and participate again in the future.

For questions about the career fair, please email Tiffany Thomas, HR Manager, at tthomas@mvrpc.org.

MVRPC Staff Attend Skyhawk Summit at Fairborn High School

MVRPC staff recently attended the annual Skyhawk Summit at Fairborn High School. The Skyhawk Summit is part of Fairborn High School's "Unity Day" event, which strives to connect the school community and emphasize unity. Prior to the event, students completed a career-inventory survey provided by the Greene County Business Advisory Council. The survey is designed to give students a sense of their ideal career fields, if not previously familiar. The event was set up as a traditional career/college expo. MVRPC staff spoke with students about careers in planning, MVRPC tools and services, and provided students with materials related to regional initiatives.

The event was jam-packed with learning opportunities for students. Sophomores, juniors, and seniors were in attendance. Approximately 200-300 students rotated through about every 45 minutes.

MVRPC staff would like to thank Fairborn High School staff and the Skyhawk Summit Planning Committee for the opportunity to attend this event.

Safe Streets for All (SS4A) Stakeholder Meeting

MVRPC is developing a Safe Streets for All (SS4A) Safety Action Plan to enhance safety and prevent roadway deaths and serious injuries in the Miami Valley.

In order to collect input and provide project updates, MVRPC is inviting elected officials, technical experts, and other interested parties within our MPO communities to participate in a stakeholder meeting to review the latest project information.

This stakeholder meeting will be held virtually on **Wednesday, October 22, 2025 from 3:00 – 4:00 pm.**

For more information visit our website <https://www.mvrpc.org/events/safe-streets-all-virtual-stakeholder-meeting>.

The SS4A program makes funding available for planning and implementation efforts. In order to be eligible for implementation dollars, jurisdictions must be covered by a compliant safety action plan. MVRPC's Safety Action Plan will allow local jurisdictions to access future implementation funds. MVRPC's Safety Action Plan is expected to be complete in early 2026.

To learn more about the SS4A Safety Action Plan, please visit: www.mvrpc.org/ss4a. If you have any questions, please contact Elizabeth Whitaker at 937.531.6541 or by email at ewhitaker@mvrpc.org.
