Welcome & Introductions

HELLO

AND

WELCOME

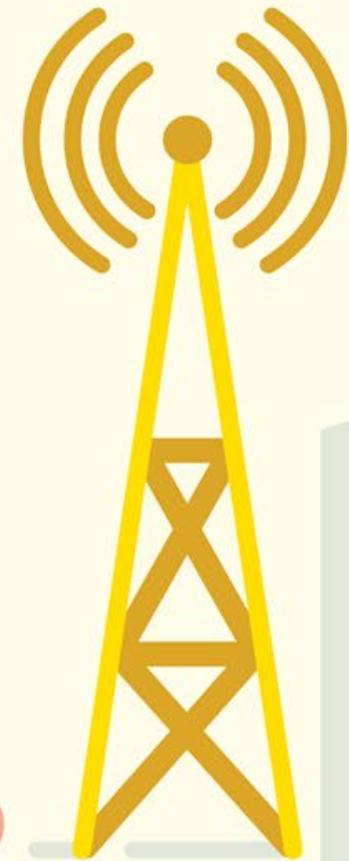

Greater Region Mobility Initiative Vision

Promote regional mobility by identifying and addressing transportation barriers.

Greater Region Mobility Initiative Mission

Aim to improve transportation services for those experiencing transportation barriers in an eight-county region through expanded outreach, shared resources, enhanced services, and improved coordination.

Greater Region Mobility Alliance

Bring together public, private, not-for-profit transportation, human service providers and transportation users to advance the mission and vision of the Greater Region Mobility Initiative.

SWOT Results

Strengths

Weaknesses

Opportunities

Threats

SWOT Results

Strength

1. Networking & collaboration
2. Excellent programs & services
3. Strong knowledge of community
4. Experience & leadership
5. Reliable fleet

Weakness

1. Funding limitations
2. Driver shortages
3. Aging limited fleet
4. Service limitations
5. Limited employment & medical transportation options

Opportunity

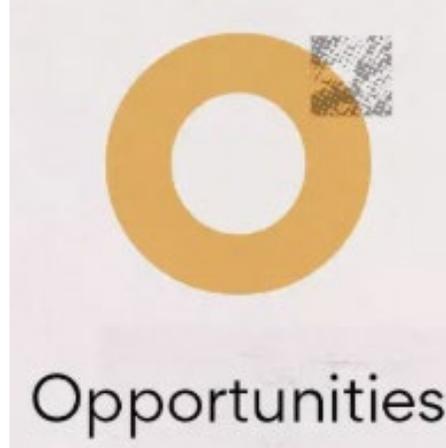

1. New technology solutions
2. New partnerships
3. Develop a comprehensive list of transportation resources
4. Expand employment & medical transportation solutions
5. New contracts/funding sources
6. Grow existing services
7. County to county services
8. Fresh insight

Threat

1. Challenging labor market
2. Funding reductions
3. Funding restrictions
4. Increased costs
5. Reduced collaboration or morale
6. Unexpected circumstances (weather, pandemic, etc.)

+

Internal Goals: Leverage Strength + Opportunity

- Increase collaboration and partnership to improve rural transportation.
- Improve and expand services utilizing new technologies such as scheduling software, fare collection programs, safety enhancements, etc.
- Use technology to partner with employers to expand rideshare opportunities.

+

External Goals: Address Weakness + Mitigate Threat

Increase advocacy at local, state and federal levels to secure funding by:

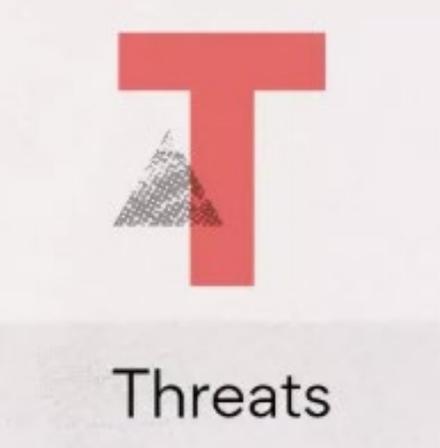

- collaborating with other regions for collective efforts
- developing data-driven solutions to demonstrate actual needs and impacts
- enhanced engagement with legislators by emphasizing legislative priorities and political interests

Internal Goals: Address Weakness + Opportunity

Leverage additional grants, funds, and donors by:

- highlighting the increasing demand for services
- leveraging peer networks
- foster collaboration among leaders
- break down silos

+

External Goals: Mitigate Threat + Leverage Strength

- Identify interagency collaboration opportunities to reduce funding losses and generate savings by sharing resources: training, grants, software, personnel, and vehicles.

MVRPC's Rideshare Program

A partner of

A Smarter Way

MVRPC's RIDESHARE PROGRAM

- Rideshare means sharing your commute with others by carpooling, vanpooling or bikepooling.

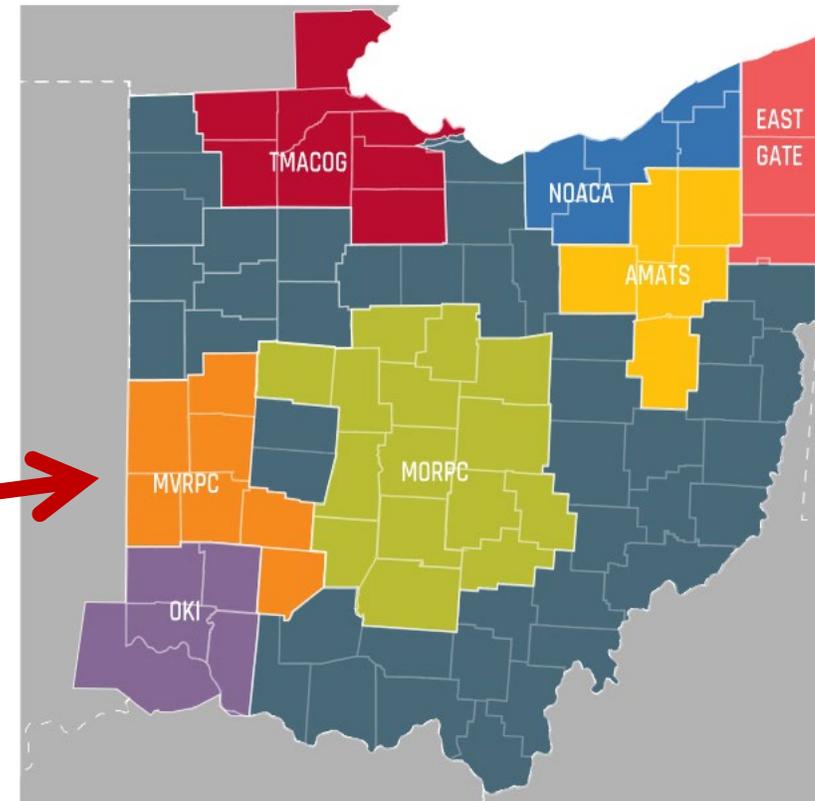

- MVRPC's RIDESHARE Program is funded by Congestion Mitigation and Air Quality (CMAQ) Program to promote commute resources to reduce air pollution with sustainable commute options.
- It is FREE to anyone who lives, works or attends college in Montgomery, Greene, Miami, Preble, Darke, Shelby and Clinton Counties.

A partner of

A Smarter Way

MiamiValleyRideshare.org

- Learn more and register for the program at MiamiValleyRideshare.org
- The Rideshare Program is a partner of Gohio Commute, a statewide ride matching website
- Explore smarter ways to commute like ride matching to form a carpool or bikepool, transit and bike routes to match your trip or form a vanpool for longer commutes.

The screenshot shows the MiamiValleyRideshare.org website. At the top, there is a navigation bar with links for HOME, EVENTS, LOGIN HERE, REGISTER, CONTACT US, FAQs, and LANGUAGE. Below this is a secondary navigation bar with the Miami Valley Regional Planning Commission logo and links for MVRPC, Program Information, Guaranteed Ride Home, and Drive Less Live More. The main content area features a video player on the left with the Gohio Commute logo and a 'Watch on YouTube' button. To the right is a form titled 'Explore Commute Options' with input fields for 'A Start' and 'B Destination', and a 'LET'S GO!' button. Below the video and form is a section with the Gohio Commute logo and the text 'The online tool that helps you discover a smarter commute', with 'LOGIN' and 'REGISTER' buttons. The bottom section is divided into two columns. The left column contains text about the MVRPC's Rideshare Program, contact information, and details about the Guaranteed Ride Home Program. The right column is titled 'Experience the benefits of a smarter commute' and lists five benefits: Cost savings, Health benefits, Environmental Sustainability, Community building, and Productivity, each with a corresponding icon.

LOGIN REGISTER

MVRPC's Rideshare Program is a partner of the statewide platform, Gohio Commute. This commute solutions platform is a free service from Miami Valley Regional Planning Commission (MVRPC) for those who work, live or go to college in Montgomery, Greene, Miami, Preble, Darke and Clinton Counties. Enter your Home and Work location in the above trip explorer to explore your commuting options. Find matches to form a carpool or vanpool. Learn about the transit and bike route options for your trip.

Contact a rideshare representative at rideshare@mvrpc.org or call 937.223.SAVE for assistance.

Learn about major construction projects in the Miami Valley Region that may impact your commute at MiamiValleyRoads.org.

For those who are registered on Gohio Commute and participating in a carpool, vanpool or bike commuting, you are eligible for the Guaranteed Ride Home Program (GRH). This program reimburses registered users 80% of the cost of a ride service to your home address on file or to the site of an emergency when needed. This reimbursement is available up to 4 times in a 12 month period.

You can use GRH if you are registered on GohioCommute.com and used a sustainable transportation option listed above and:

- You or a member of your family becomes ill;
- You unexpectedly must work past your normal quitting time;
- or Your carpool/vanpool driver has to leave early

Experience the benefits of a smarter commute

- Cost savings
- Health benefits
- Environmental Sustainability
- Community building
- Productivity

GohioCommute.com User Dashboard

The dashboard features a dark blue header with the GohioCommute logo and navigation links: HOME, EVENTS, DASHBOARD (active), PROGRAMS, MANAGE, Hi Laura!, and LANGUAGE. Below the header is a white bar with the Miami Valley Regional Parking Commission logo and links for MVRPC, Program Information, Guaranteed Ride Home, and Drive Less Live More.

The main content area is divided into several sections:

- MY COMMUTES:** Includes an "EDIT THIS COMMUTE" button, a dropdown menu for the commute (101 Pine St > 10 N Ludlow St), and fields for "From" (101 Pine St, Dayton, Ohio) and "To" (10 N Ludlow St, Dayton, O...). It also shows a "Leave By" date of 11/19/2021 at 11:00 AM and a weather forecast of 36°.
- COMMUTE OPTIONS:** A sidebar section with input fields for "Start" and "Destination", a "VIEW MY COMMUTE OPTIONS" button, and a "MANAGE MY PROFILE" button.
- MY CARPOOL:** Shows the user as the "OWNER" of a carpool with 0 members and a "MANAGE" button.
- TRAVEL MODES:** A grid of options including 20 CARPOOL OPTIONS, 2 TRANSIT OPTIONS (0.7 mi, 11 min), WALK (0.7 mi, 15 min), 2 BIKE OPTIONS (1.0 mi, 6 min), DRIVE (0.9 mi, 4 min), and 11 BIKEPOOL OPTIONS.
- MY MEMBERSHIPS:** A dropdown menu and an "ADD ANOTHER COMMUTE" button.
- LOG YOUR TRIPS:** A "HISTORY" section with a calendar for "NOVEMBER 2021" and a search bar for "Favorite Trip".
- ACHIEVEMENTS:** A section showing a total savings of \$1,205.86, with sub-statistics: 70 Non-SOV Trips, 3,152.0 mi Non-SOV Distance, 1,728.5 lbs CO2 Saved, and 1,770 Calories Burned. It includes a "VIEW ALL MY STATS" button and a "VIEW ACHIEVEMENTS" button.

GohioCommute.com User Dashboard

The dashboard features a dark blue header with the 'gohio commute' logo and navigation links: HOME, EVENTS, DASHBOARD, PROGRAMS, and MANAGE. Below the header, the 'MIAMI VALLEY Regional Parking Consortium' logo is visible, along with links for MVRPC, Program Information, Guaranteed Ride Home, and Drive Less Live More.

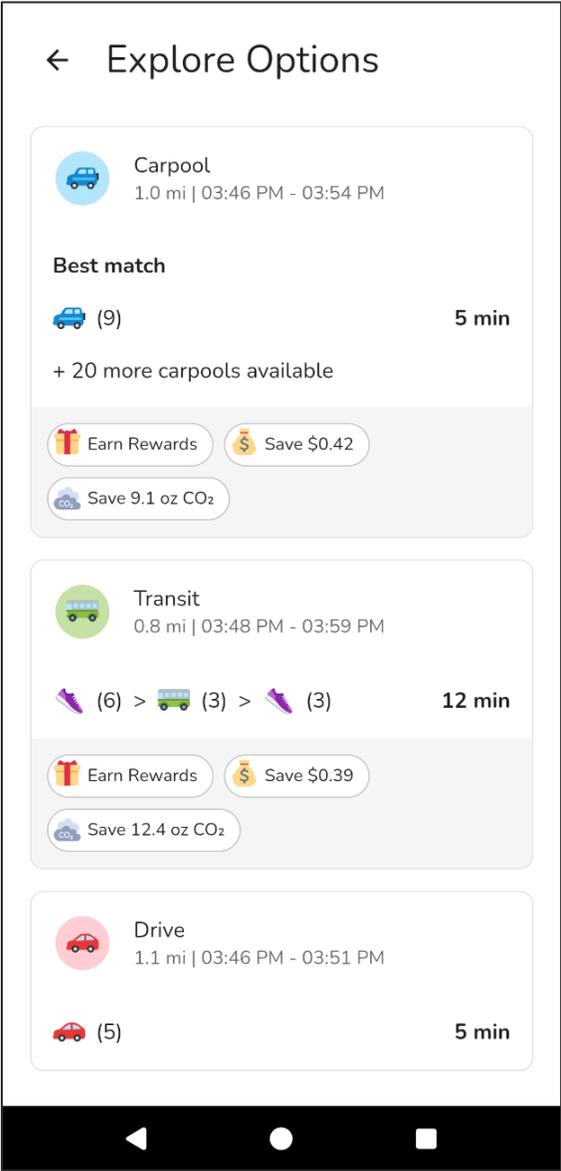

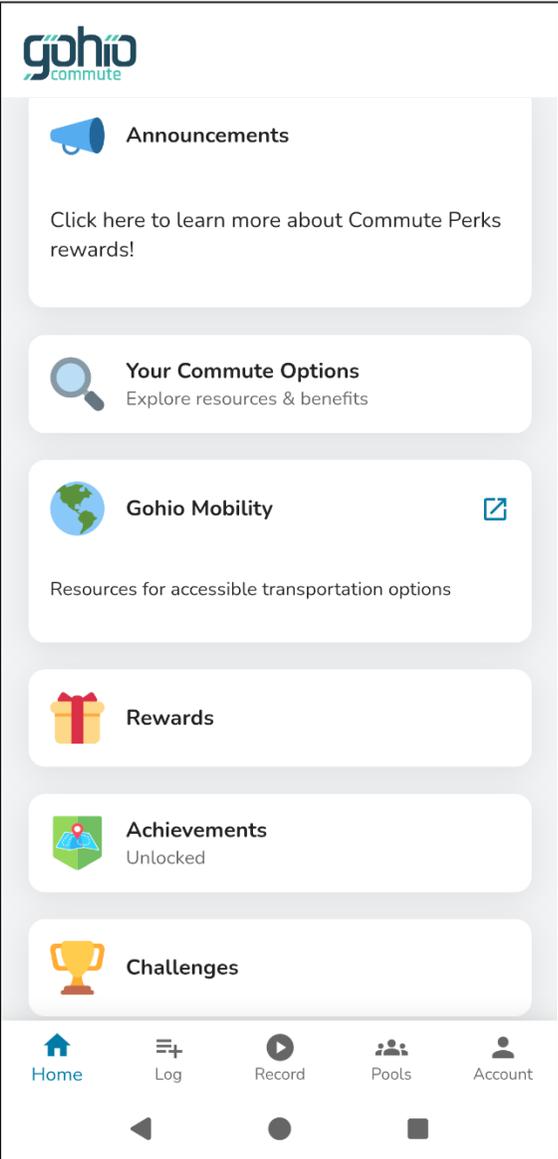

The main content area is divided into several sections:

- Route Information:** Shows a route from 101 Pine St, Dayton, Ohio, 45402 (Point A) to 10 N Ludlow St, Dayton, Ohio, 4540 (Point B). It includes a time of 11:00 AM and a date of 11/19/2021.
- Carpool Options:** A section titled 'YOU'VE GOT CARPOOL OPTIONS FOR THIS ROUTE!' with a 'MANAGE MY CARPOOL' button. Below it, a 'SHOW ME' section has buttons for 'RIDERS' and 'DRIVERS'.
- Driver Profiles:** A list of drivers with their names, starting locations, and schedules:
 - Fiona:** FROM EAST FIFTH STREET, DAYTON. YOU ARE 4 MINUTES OUT OF THE WAY. SCHEDULE: S M T W T F S (08:00 AM & 02:30 PM (FLEXIBLE SCHEDULE)).
 - Laura:** FROM ADAMS ST, DAYTON, OHIO, 45410. YOU ARE 3 MINUTES OUT OF THE WAY. SCHEDULE: S M T W T F S (09:00 AM & 05:15 PM).
 - Val:** FROM HENRY ST, DAYTON. YOU ARE 5 MINUTES OUT OF THE WAY. SCHEDULE: S M T W T F S (08:30 AM & 05:00 PM (FLEXIBLE SCHEDULE)).
 - Val:** FROM HENRY ST, DAYTON, OHIO, 45403. YOU ARE 5 MINUTES OUT OF THE WAY.
- Transportation Modes:** A vertical list of options with icons and details:
 - CARPOL (20):** Includes filters for 'Any Days' and 'Any Type', and a 'Show Networks' dropdown set to 'All Network'.
 - BIKE (2):** 6 MIN, 1.0 MI, 0 LBS CO2.
 - WALK (1):** 15 MIN, 0.7 MI, 0 LBS CO2.
 - TRANSIT (2):** 11 MIN, 0.7 MI, 0 LBS CO2.
 - DRIVE (1):** 4 MIN, 0.9 MI, 0 LBS CO2, \$0.49.
 - VANPOOL (0):**

The right side of the dashboard features a map of Dayton, Ohio, with a grid of streets and a blue location pin labeled 'B' near the center. A red arrow points from the 'DRIVE (1)' option in the left sidebar to the map area.

HELPING THOSE THAT NEED IT MOST

Commuter stress, time, and money can vary widely across your employee base.

- Identify employees that live 10+ miles from worksite.
- Connect employees who live in same area, share same shift.
- Work closely with organizations that provide opportunities for those facing most transportation barriers.
- Flexible program that provides employees with affordable and reliable transportation option.

Guaranteed Ride Home

- If you register for RIDESHARE, you are automatically eligible for the Guaranteed Ride Home (GRH) Program.
- GRH provides a guaranteed ride in case of an emergency, such as you or family member becomes ill, you unexpectedly must work past your normal quitting time, or your rideshare driver has to leave earlier than normal.
- GRH reimburses participants 80% of a taxicab ride up to 4 times in a 12-month period.

WHERE ARE WE GOING AND HOW DO WE GET THERE?

Anne Tapia, LISW

Project Manager

Southwest Ohio Community Life Engagement
Ohio Department of Developmental Disabilities

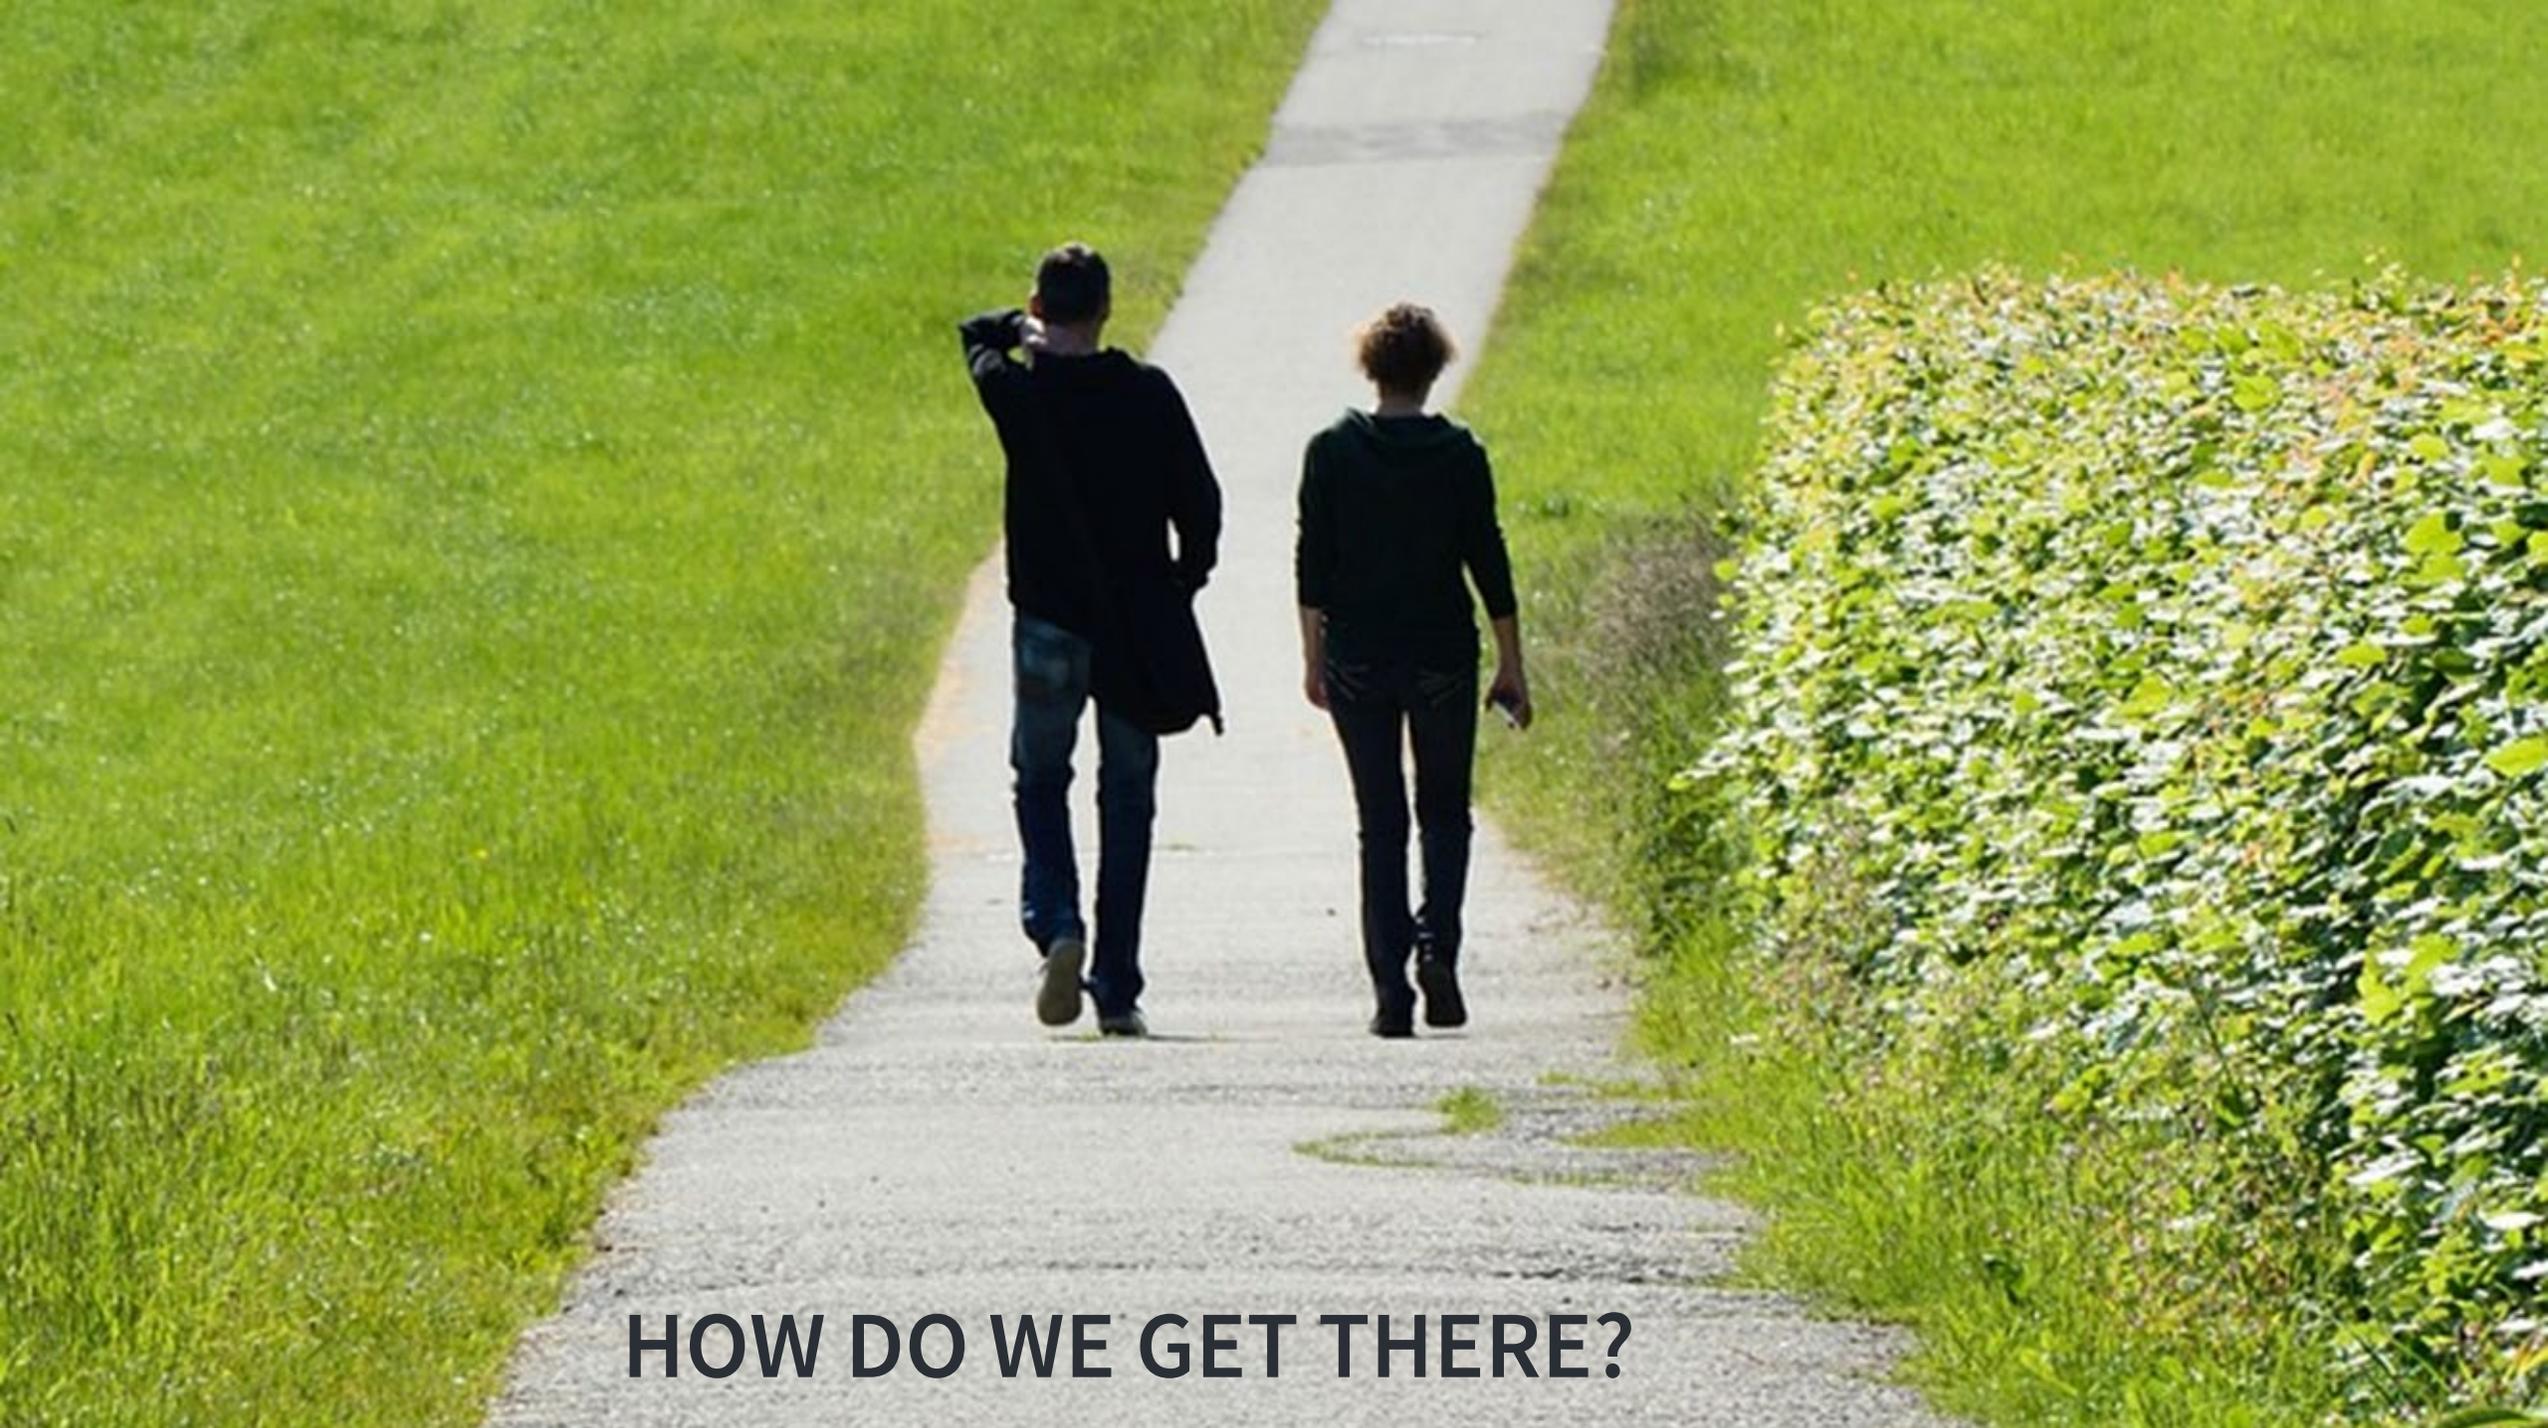

COMMUNITY MAPPING

- Community mapping involves discovering elements of a community and identifies formal and informal aspects
- Learning about local community, economy, and industry trends
- Networking to develop and leverage relationships in various ways to support individuals
- Effectively match people with appropriate opportunities

COMMUNITY MAPPING WITH THE INTEGRATED SUPPORTS STAR

HOW DO WE GET THERE?

Person Within the Context of Family and Community

It's important that services do not become a barrier to relationships and community life.

All people and their families receive integrated supports and services for a "good life".

Three Types of HCBS Waiver Transportation

- Non-Medical Transportation
 - Transportation
 - Self-Directed Transportation
- Waiver services are incorporated into each person's service plan based on the needs identified in their assessment.

Non-Medical Transportation

- Non-Medical Transportation includes transportation to get to, from, between, or among:
 - A place of employment
 - A location where adult day support, career planning, group employment support, individual employment support, or vocational habilitation is provided to the individual
 - A volunteer activity
 - A post-secondary educational program
 - An internship or practicum
 - A drop-off or transfer location from which the individual is then transported to or from one of above listed places

Non-Medical Transportation Continued

- Agency and independent providers that have a Medicaid provider agreement and are DODD-certified can provide this service.
- Non-Medical Transportation can be provided as one-on-one or as a group service.
- There are three modes of Non-Medical Transportation.
 - Per trip
 - Per mile
 - Commercial vehicles at the usual and customary fare
- Learn more about [Non-Medical Transportation](#).

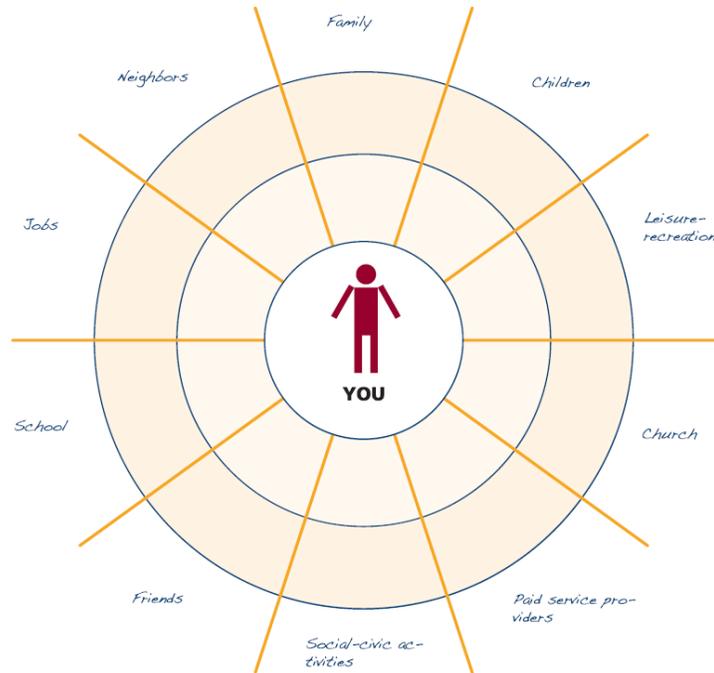

Transportation

- Transportation offers people with disabilities a way to access their waiver services, community activities, and resources when other people or agencies cannot provide transportation free of charge.
- Agency and independent providers that have a Medicaid provider agreement and are DODD-certified can provide this service.
- Transportation can be provided one-on-one or as a group service.
- A person having six or more points on his or her driving record is prohibited from providing Transportation.
- The provider may extend services to when the person is not physically present by providing Transportation on their behalf, such as buying groceries, picking up prescriptions, or paying billings for the person.
- Learn more about [Transportation](#).

Self-Directed Transportation

- This service went into effect on July 1, 2022.
- Self-directed transportation - means a service that enables an individual to access activities and opportunities available in the broader community such as competitive integrated workplaces, integrated community participation and contribution, community resources, and businesses consistent with the individual service plan. Self-directed transportation enhances independence as it is available around the clock, including on weekends and holidays, to accommodate an individual's scheduled and spontaneous transportation needs.
- Self-directed transportation includes:
 - (i) Purchase of prepaid vouchers, cards, passes, or tokens to access modes of ground transportation available to the general public
 - (ii) Per mile or per trip reimbursement made to a person who meets the provider qualifications
- Learn more about [Self-directed transportation](#).

Transportation Mapping: A Micro Solution

- Some people seem to know “everyone” and highly social.
 - ❖ Look closely at the relationship location
- Some people are less “resource rich”
 - ❖ Seek opportunities to enhance connections
- Regularly update the map
 - ❖ Set a goals:
 - How can these people be moved into more inner circles?
 - How can we deepen these relationships?

Amando, A.N. (2013). Friends: Connecting people with disabilities and community members. Minneapolis, MN: University of Minnesota, Institute on Community Integration, Research and Training Center on Community Living. <https://rtc.umn.edu/friends/>

Outcome-Oriented

- Continuously learn from experiences and interactions; each day offers a new opportunity to adapt
- Tell the story- Collect and organize information/experiences and start process over with knowledge and experience gained
- Establish more regular/routine schedules as each person determines goals and interests
- Have ongoing conversations with people and their teams about overall satisfaction with services and progress toward goals
- Make adjustments to schedules and services as needed
- Supports are responsive to life changes and each person's evolving interests, preferences, and needs

Ongoing Team Communication

SEARCH FOR MOBILITY OPTIONS

Looking for specialized transportation options in Ohio? Here you can find information on health care transportation, stretcher service, accessible vehicles, passenger assistance and more. This easy-to-use search tool will help Ohioans know their mobility options. Transportation services for seniors, people with disabilities, veterans, commuters, and others may be available in your community.

In light of the COVID-19 outbreak, many health care appointments are being rescheduled or switched to telehealth or telephone. Have you confirmed with your health care provider that an in-person visit is needed?

Information provided in the search is subject to change. Please contact the mobility provider directly to confirm service availability. If you are looking for directions by bus or to find carpool options, use the Gohio Commute trip planner at <https://gohiocommute.com>.

Using This Tool

At least one search term is required. The more information you provide, the better the chance of finding a provider that suits your needs. Contact us at <https://gohiocommute.com/#/#m=support> to update or add information.

Ask a Local Expert

Local officials and organizations may be able to help you. Contact us at <https://gohiocommute.com/#/#m=support> for assistance with finding your local mobility manager.

For Mobility Providers

If you would like your organization represented, or to update or add information, contact us at <https://gohiocommute.com/#/#m=support>.

Take Note

We work hard to keep this information up-to-date and correct. However, mobility services change on a regular basis. That's why we suggest you verify information directly with the mobility provider or service. If you rely solely on the information found here, you do so at your own risk.

Service Types

- **Ambulette:** transportation for medical treatment that is not for a lifesaving situation. Ambulances used to transport people in non-emergencies and without the need of sirens.
- **Curb-to-curb service:** on both the origin and destination ends of the trip, the driver gets out of the vehicle and assists the passenger between the vehicle and a sidewalk or other waiting area.
- **Demand Response/Dial-A-Ride:** passenger trips that are generated by over-the-phone, mobile app, or online requests for a scheduled vehicle to pick the passengers up and transport them to their destinations.
- **Door through door service:** driver assists the passenger into the vehicle and into their home.
- **Door-to-door service:** driver meets the passenger outside of the door of the pick-up location and drops them off at the door of the destination.
- **Door-to-door service, driver assisted:** driver meets the passenger outside of the door of the pick-up location and assists them from the vehicle to the door of the destination.
- **Fixed Route Transit:** Buses operate on a predetermined route according to a predetermined schedule. This type of service uses timetables and designated stops where riders are picked up and dropped off.
- **Non-Emergency Medical Transportation:** transportation services offered to patients and healthcare consumers for getting to medical appointments that are not considered to be lifesaving situation appointments.
