Regions

Starting in 2021, Region 2 and Region 9 have a regional coordinating committee that will maintain a regional coordinated plan. All individual county coordinated plans must stop writing new county plans and updates, and transition to submitting the data to the regional coordinating committee. ODOT will no longer require or accept individual county plans within the two identified regions. The regional planning committee will serve as the Lead Agency to ensure that each of the County Coordinated Plan committee members are *invited and provided with appropriate opportunity to participate* in the regional coordinated planning process.

The following table defines the roles and responsibilities of the county and regional coordinating committees.

Regional Coordinated Committee	County Coordinated Committee
Write & Update Regional Plan	Public Surveys & Public Meetings
County & Regional Demographics and Population	Summarize County Unmet Needs
Manage the Adoption Process with all counties	County Goals & Strategies
Survey & Public Meetings for regional data	Provide Available Provider Information
Regional Unmet Needs summary	Provider Vehicle Information for tables
Regional Goals & Strategies	Assist Regional Coordinated Committee with Adoption of plan, updates and amendments
Include all county data into the Regional Coordinated Plan	Submit all the items above to the Regional Coordinated Committee
