ODCTN CENTRAL OHIO PILOT PROGRAM - OBJECTIVES

(2) Get feedback from Individuals with Disabilities, Employers and Providers on how to improve LiveCare and the ODCTN's performance

(1) Evaluate the ODCTN's performance in a controlled, geographically concentrated environment

(3) Implement those improvements prior to a full State-wide launch of the ODCTN

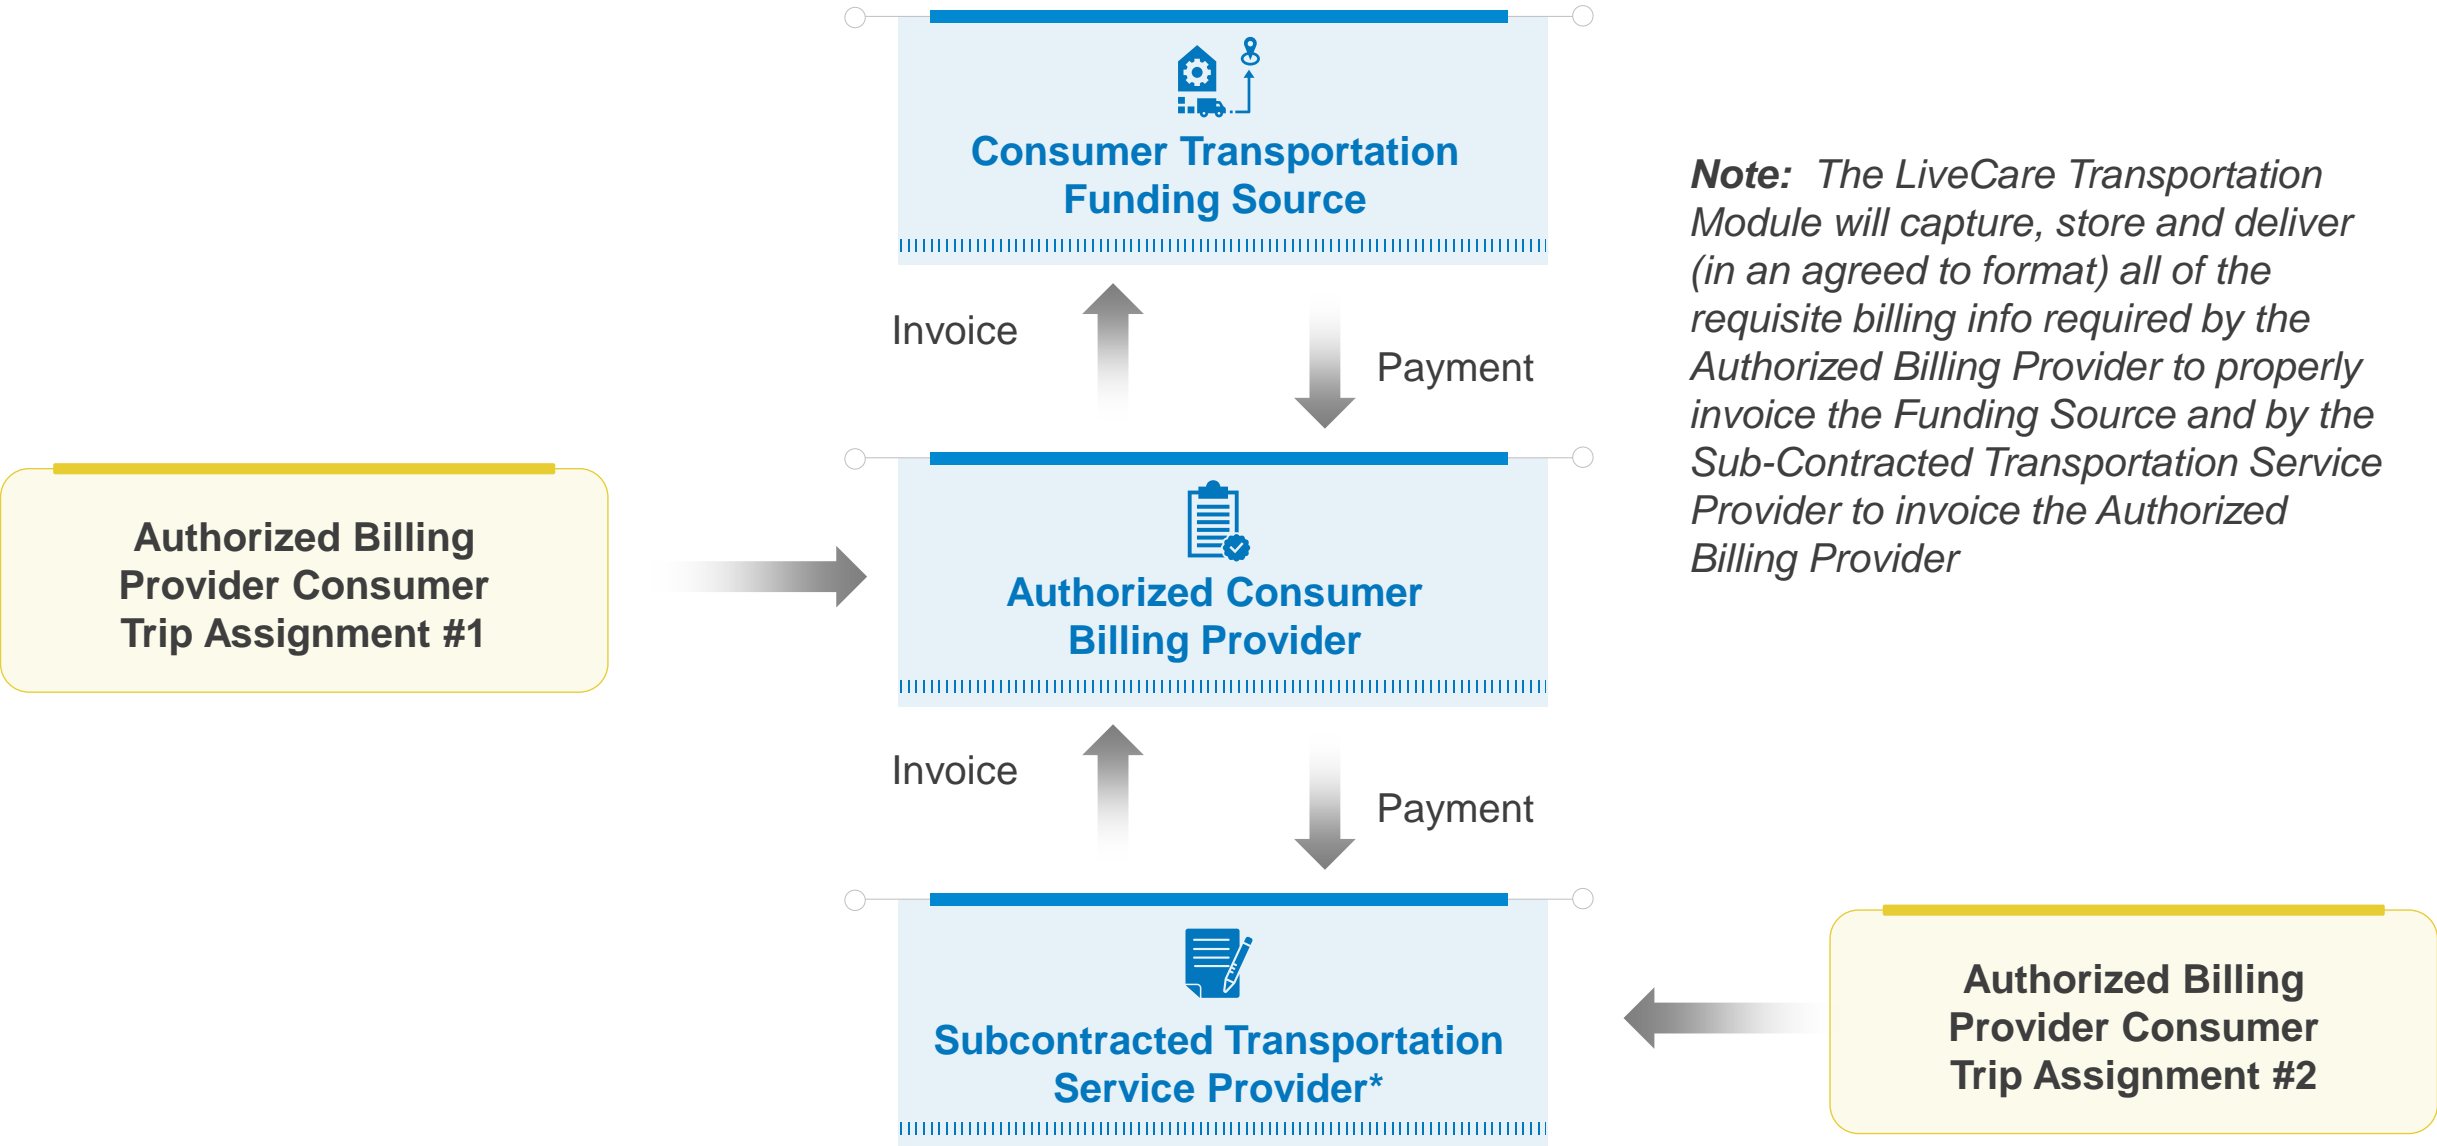

ODCTN CENTRAL OHIO PILOT TRANSPORTATION PROGRAM OVERVIEW

- ✓ Focus on scheduled, non-recurring trips
- ✓ Weekday and weekend service
- ✓ Open to Consumers in the I/DD and other compatible communities (e.g. vet, elderly, etc)
- ✓ Leverage existing Drivers and Vehicles of participating Providers initially
- ✓ 2-Day prior scheduling requirement initially
- ✓ 2-3 Hour scheduling window for discretionary trips

ODCTN BILLING STRUCTURE FRAMEWORK

ODCTN CENTRAL OHIO PILOT – LESSONS LEARNED SO FAR

- ✓ Need to leverage independent transportation providers
- ✓ LiveCare TMS needs to support both ODCTN network and Provider internal transportation operations
- ✓ Need regional funding mechanisms to stand up ODCTN regional networks
- ✓ Need to Simplify/Consolidate Discretionary consumer waiver/funding
- ✓ Don't try to launch a Network during a pandemic
