Living in Rental Housing				Lead Paint Prevalence
				Traffic Proximity and Volume

PLAN4Health Miami Valley

1. Health Environment Assessment

Tell the story through mapping

Examine indicators individually, as a composite of their domain, and an index of all the domains

Use results as a baseline and to inform future project elements

2. Plan for Healthy Communities:

A. Built Environment Assessment

Project Overview

- Examine current built environments to evaluate the level of active living conditions
- Using an active living index the project will map out conditions across the Region

PLAN4Health Miami Valley

2. Plan for Healthy Communities:

A. Built Environment Assessment

- The active living index will examine the density, diversity, and accessibility of:
  - Land Use
  - Infrastructure
  - Destinations

INSTITUTE STEERING COMMITTEE

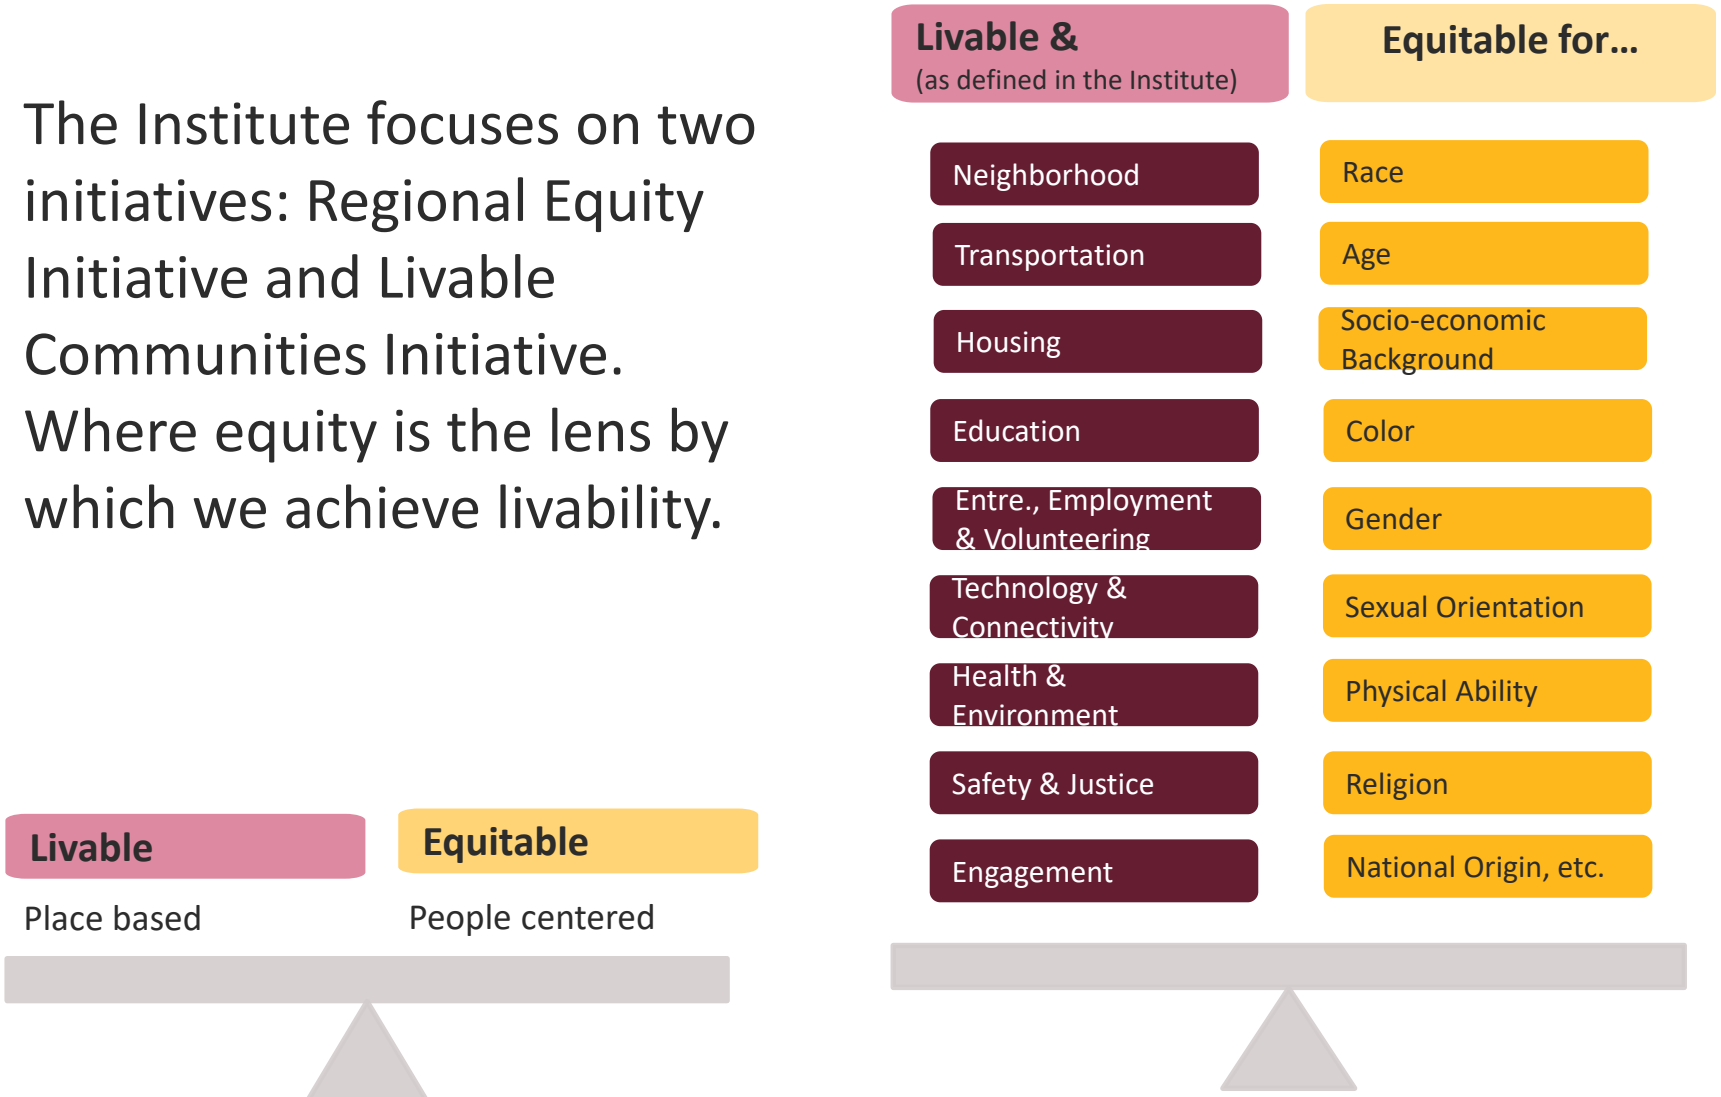
REGIONAL EQUITY INITIATIVE

MIAMI VALLEY AGE-FRIENDLY NETWORK

Institute Background: https://www.mvrpc.org/regional-initiatives/institute-livable-equitable-communities

What is Livable & Equitable?

The Institute focuses on two initiatives: Regional Equity Initiative and Livable Communities Initiative. Where equity is the lens by which we achieve livability.



Plan for Heath → Age Friendly → Unmet Needs → Updates

What is the Regional Age Friendly Network?

MEETINGS AND FUNDING OPPORTUNITIES - AGE FRIENDLY COMMUNITIES

- Build a coalition of key allies & participants to establish age-friendly community objectives
- Coordinate with partner agencies around objectives to educate and transform policies, places and programs within their communities
- Create opportunities for communities & organizations to implement age-friendly demonstration projects through a small grant program
- Encourage and build a support system regionally for communities looking to formally join the Age-Friendly Network with AARP / WHO

ENSURING ALL RESIDENTS CAN AGE IN PLACE

Plan for Heath → Age Friendly → Unmet Needs → Updates
