

Planning Services

MVRPC
SERVICES

The Miami Valley Regional Planning Commission's interdisciplinary staff provides professional services to member organizations for their planning and policy development efforts.

mvrpc.org/planning-services

MVRPC staff can participate and provide support in the development of transportation, land use, environmental, or strategic planning efforts. Whether working with your staff, consultants, or other partner agencies, MVRPC can supplement and expand your in-house planning capacity.

Research and Analytics – MVRPC staff can conduct best practices research, perform robust data analysis, prepare data visualization materials, and provide mapping services.

Consultant Procurement Support – MVRPC staff can assist with project scoping, process development, and Request for Proposals (RFP) activities.

Funding – MVRPC staff can research grant funding opportunities and assist in Federal and State grant applications.

Facilitation – MVRPC staff can provide facilitation services to help groups develop solutions for a range of intra- or inter-jurisdictional issues.

Through a strategic partnership with MVRPC, you will have access to:

- Diverse expertise and experiences
- The latest planning decision support systems
- A neutral, third-party professional team who understands your community's unique challenges and needs

Established in 1964, the **Miami Valley Regional Planning Commission** promotes collaboration among communities, stakeholders, and residents to advance regional priorities. MVRPC is a forum and resource where the Board of Directors identifies priorities and develops public policy and collaborative strategies to improve quality of life throughout the Miami Valley Region. MVRPC performs various regional planning activities, including air quality, water quality, transportation, land use, research and GIS. As the designated Metropolitan Planning Organization (MPO), MVRPC is responsible for transportation planning in Greene, Miami and Montgomery Counties and parts of northern Warren County. MVRPC's areawide water quality planning designation encompasses five (5) counties: Darke, Preble plus the three MPO counties.
