

Miami Valley Regional Planning Commission

60 Years of Regional Excellence

MIAMI VALLEY

Regional Planning Commission

Celebrating 60 Years | 1964-2024

MVRPC's Beginning

1964 - 2024

- In December 1959, 26 chambers of commerce came together to discuss outward expansion, development, and cooperative solutions. The great idea was to plan for the entire Region, the first step toward creating Miami Valley Regional Planning Commission.

MVRPC's Beginning

- On March 7, 1960 the second regional meeting concluded with an agreement that each participant would appoint a representative to a regional planning study committee with the advisability of creating a regional planning commission.

SUBURBAN 4 Bedroom L-Shape Model

Here's Huber's answer to the community's need for a bigger house at a lower price . . . and smartly styled, too! Extra large, 300 square foot living room opens onto a poured concrete patio through 9 ft. sliding glass door. 2 full baths. Wife-pleasing

maple kitchen, handy utility room. Circular flow floor plan, family-sized rooms, walk-in closets, curved paved drive are added "plus" features in this most glamorous of new homes. An unbeatable value!

HUBER HOMES . . . *America's Best Home Buy!*

MVRPC's Beginning

- Inception of MVRPC came February 1964 after diligent research, review of findings, and renewed cooperation showed the benefit of regional coordination and planning.

MIAMI VALLEY

Regional Planning Commission

Shaping Our Region's Future Together

STRATEGIC PLAN

Adopted: June 6, 2013

Though our Region is made up of diverse entities, each with unique qualities, we are united by our similarities. Together, we comprise one community – **the Greater Miami Valley Region**. Founded upon the principles of regional collaboration, cooperation, and consensus building, the Miami Valley Regional Planning Commission (MVRPC) serves as the common ground where area partners come together to work toward a shared vision across the Region. Together, public and private partners develop and implement innovative and sustainable strategies that enhance the Region's quality of life and economic vitality.

Vision:

Our Board of Directors' decisions, through strategic partnerships and staff efforts, contribute to the advancement of the Region's economic vitality, enhanced quality of life, strong sense of place, and expanded opportunities that attract and retain talented individuals and organizations to the Miami Valley Region.

Mission:

MVRPC promotes collaboration among communities, stakeholders, and residents to advance regional priorities. MVRPC is a forum and resource where the Board of Directors identifies priorities and develops public policy and collaborative strategies to improve quality of life throughout the Miami Valley Region.

Values:

Our values describe how MVRPC conducts business:

Integrity – We maintain high ethics, a fair and balanced approach to issues, and strong standards of professionalism in all aspects of the agency's work for the betterment of the Region.

Transparency – We ensure that the public has the opportunity to observe, debate, question, and participate in the agency's planning process.

Inclusion – We seek the active participation and contribution of all groups in the regional planning process.

Diversity – We welcome alternate views and seek input from participants of diverse race, income, jurisdiction, age, or ability.

Innovation – We seek and offer creative and innovative solutions in the regional planning process through expanded use of technology, improved processes, and adapted methods from other fields or regions.

MVRPC: 60 Years of Regional Excellence

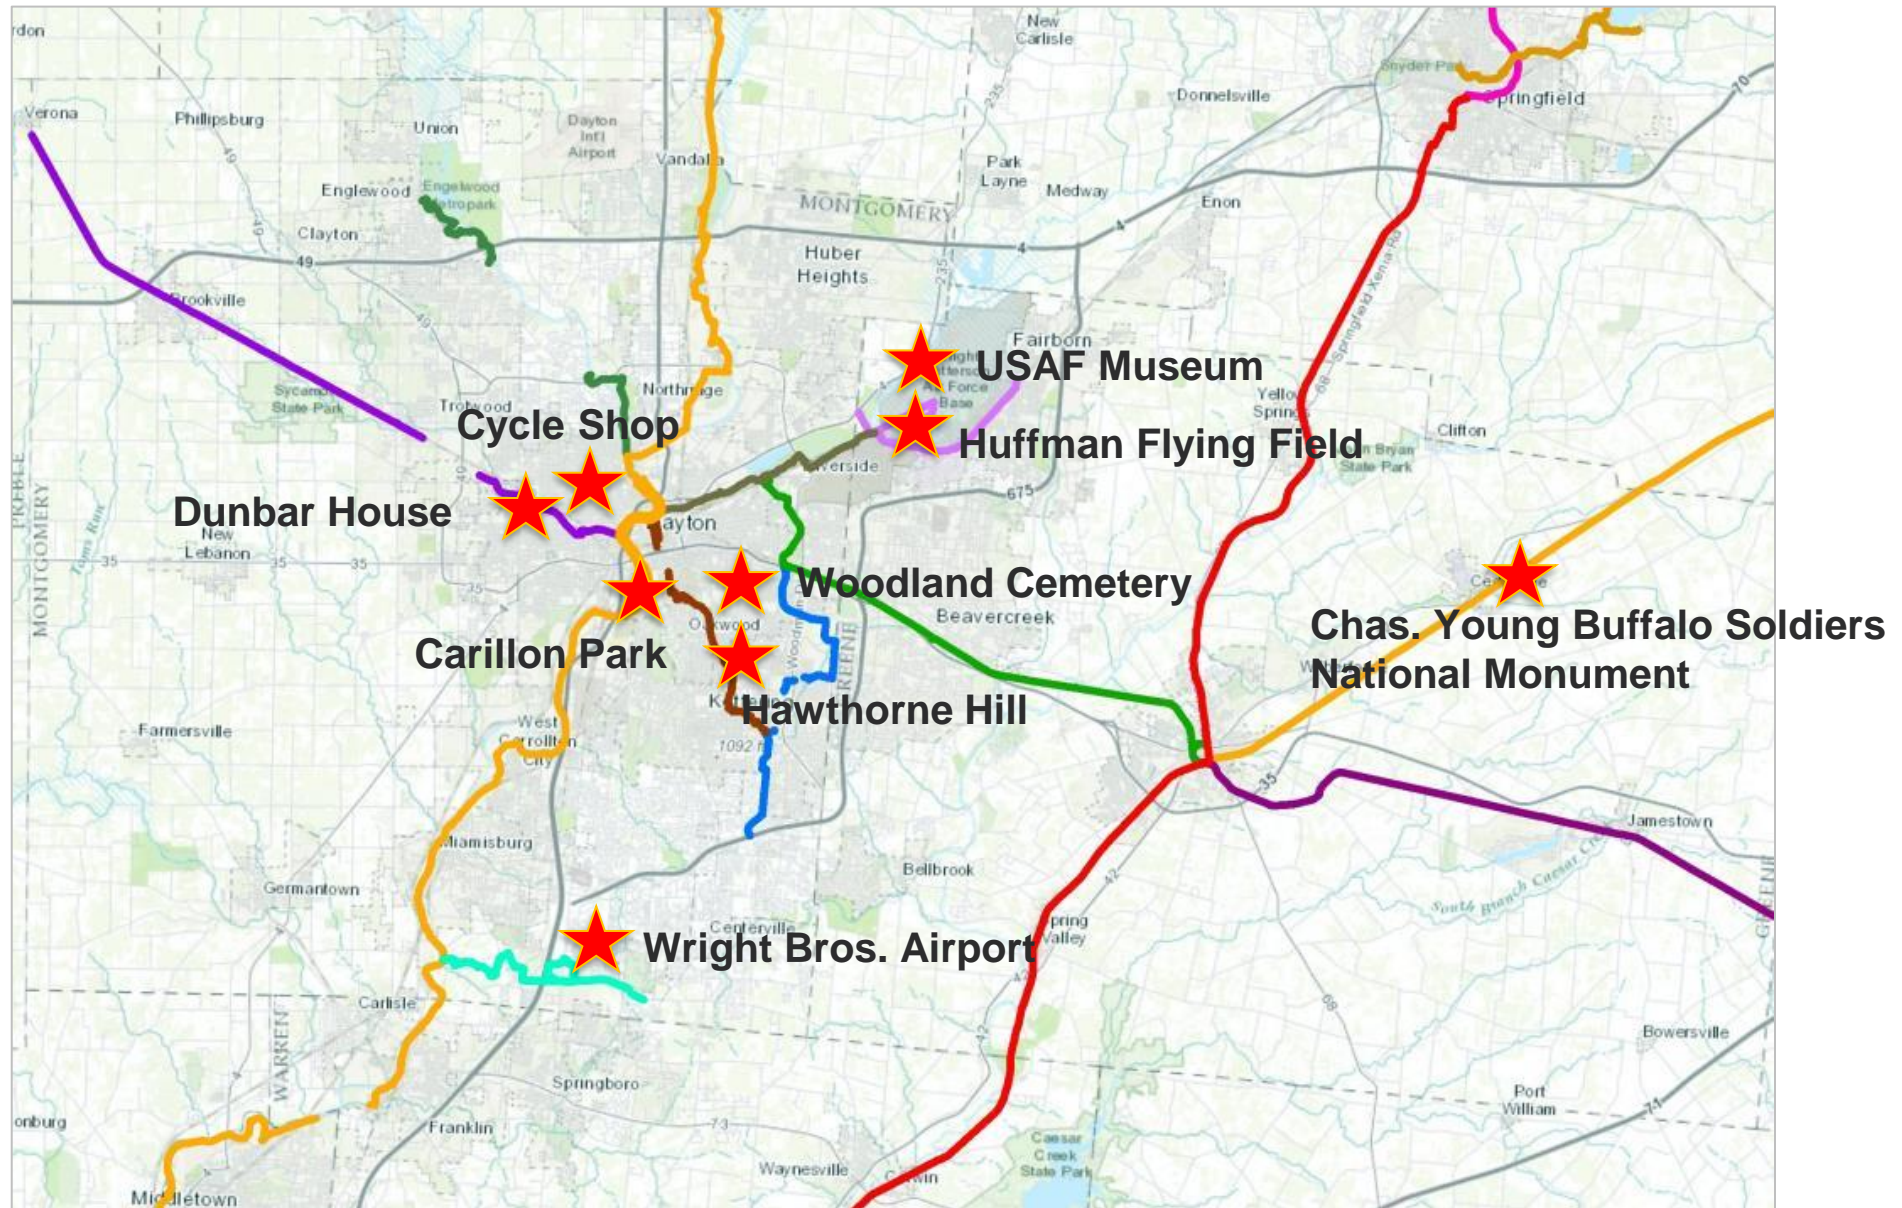

Why undertake a local strategy?

- A climate action plan is an economic development strategy
- Identify opportunities to improve people's lives
- Prepare for the future
- Attract and retain businesses
- Inform investments
- Leverage funding opportunities
- Reputation
- Advance equity
- Symbol of hope

Connect to the Nation's Largest Paved Trail Network!

Human Services Transportation

What: Remove Barriers for People

- Highlights populations who cannot afford, access or drive a car and yet live in an environment that primarily supports this form of mobility
- Ensures different perspectives are included in process
- Creates solutions that are unique & representative of individual needs

Year 2023 EV Charge Projects

- Bellbrook
- Brookville
- Centerville
- Centerville-Washington Parks
- Dayton (3)
- Dayton Metro Library (4)
- Metro Parks (9)
- Miami Co Parks (2)

TECHNOLOGY & CONNECTIVITY

- Participation in the nationwide digital equity movement.
- Collaboration with Miami Valley Urban League.
- Welcoming American Connection Corps Member for digital inclusion.
 - ACP Outreach + Dayton Foundation Grants
- Regional Digital Inclusion Meeting
- Connection Southwest Ohio Coalition
- Preble County, Blue Sky Wireless, ORBEG

Age Friendly Plans & Grants

With generous support from the DMH-Dayton Fund at The Dayton Foundation, the MVRPC Institute for Livable & Equitable Communities is pleased to offer a funding opportunity for member organizations.

The AARP Age-Friendly Communities designation is a **multi-year planning initiative** designed to enhance and recognize **age-friendly, livable aspects** of your community.

15 MVRPC Member Communities Have Already Received this Grant:

- | | |
|-------------------------|-------------------------|
| 1. Beavercreek | 9. Huber Heights |
| 2. Beavercreek Township | 10. Kettering |
| 3. Bellbrook | 11. Miami County |
