The Miami Valley Regional Planning Commission Technical Advisory Committee met on November 20, 2025 at 9:30 a.m. at Dayton Realtors, 1515 S. Main Street, Dayton, OH 45409. All members and news media were notified of the meeting pursuant to the Sunshine Law.

I. INTRODUCTION

Chairperson Huelskamp called the meeting to order at 9:30 a.m. Self-introductions were made.

II. APPROVAL OF OCTOBER 16, 2025 MEETING MINUTES

Ms. Goff made a motion to approve the meeting minutes. Mr. Hankins seconded the motion. The motion passed unanimously.

III. Public Comment Period on Action Items

None

IV. RPC (REGIONAL PLANNING COMMISSION) ACTION ITEMS

A. Resolution 25-32: Authorizing MVRPC to Apply for Ohio Department of Transportation Funding

Mr. Lindsay provided an overview of the resolution for MVRPC to apply for Ohio Department of Transportation (ODOT) funding. He explained that the Federal Transit Administration (FTA) Enhanced Mobility of Seniors and Individuals with Disabilities (Section 5310) funding requires inclusion in a locally developed coordinated transportation plan. Since 2007, MVRPC has led these planning efforts, expanding in 2018 to include surrounding rural counties through ODOT support. Mr. Lindsay then stated that the Greater Region Mobility Initiative (GRMI) covers eight counties and was one of two regions across the state to pilot coordinated transportation planning in a larger region. The GRMI Plan was recently renewed and adopted in September 2024 and will be implemented in the coming years.

To sustain GRMI and maintain access to Section 5310 funding, MVRPC will apply for ODOT funding for State Fiscal Year 2027. As the program transitions from state to federal funding, additional assurances may be required. Mr. Lindsay stated that MVRPC must submit an Authorizing Resolution to ODOT to meet federal requirements and execute a contract upon project approval. Afterwards, Mr. Lindsay noted the staff recommend forwarding the resolution to the Board of Directors for approval to apply for ODOT funding.

Ms. Rhoades made a motion to forward the resolution for MVRPC to apply for ODOT funding to the Board of Directors. Mr. Escobar seconded the motion. The motion passed unanimously.

B. Resolution 25-33: Amending the Areawide Water Quality Management Plan to Update Boundaries for the Piqua and Troy Facility Planning Areas

Mr. Lindsay presented an amendment to the Areawide Water Quality Management Plan (AWQMP) proposing a boundary adjustment between the Piqua and Troy Planning Areas (FPAs). The amendment addresses a request from the City of Piqua related to recently annexed areas zoned for industrial development that will require centralized wastewater service. Following coordination with the City of Troy and other interested parties, a compromise boundary map was developed and agreed upon. The proposal completed the required review process, including a public comment period and virtual public meeting, during which no comments were received. Lastly, Mr. Lindsay stated that staff recommended forwarding the proposed amendment to the Areawide Water Quality Management Plan to the Board of Directors for adoption.

Ms. Moore made a motion to recommend forwarding to the Board of Directors for adoption. Mr. Kiser seconded the motion. The motion passed unanimously.

Mr. Lindsay then opened the floor for questions or comments. The following statement was made by Ms. Rhoades:

Troy is in complete agreement with the FPA boundary change proposal that is up for consideration today, but I do want to provide some clarifying comments about this recent process with Piqua, Concord Township and Miami County Sanitary. During a recent Water & Environmental Subcommittee meeting where this FPA boundary was presented, I feel that Piqua characterized Troy as being unreasonable in our request to keep the FPA boundary very similar to the existing Concord/Washington Township boundary and our opposition to any future requests beyond this line. Piqua stated several times that this FPA boundary was “arbitrary.” Though, Piqua’s corp limits is nearing Concord Township, we have agreements in place to allow Miami County Sanitary to provide water and

sanitary services to Concord Township through our facilities. As such Miami County Sanitary has planned and sized their facilities to serve that area and currently serve the commercial development just east of 75. The County and Troy are being deliberate in our industrial growth planning without overreaching, we are as able if not more so to serve to the Concord Township boundary without excessive capital investment. Again we fully support the request before us today but at this time would be opposed to a future change that allows Piqua to serve Concord Township. The City is always willing to discuss collaboratively for the good of our County and region.

C. Resolution 25-34: Recommended Approval of FY2027 Transportation and Government Services Priority Development and Advocacy Committee (PDAC) Projects

Mr. Daniel presented information regarding the projects submitted to the FY2027 Transportation and Governmental Services Priority Development and Advocacy Committee (PDAC). He stated that MVRPC serves as the lead agency for transportation projects, which include surface, air, rail, transit, and pedestrian transportation-related projects. A total of seven FY2027 PDAC transportation project applications were received, requesting \$75.9 million. Mr. Daniel also highlighted MVRPC's leadership role in government services projects, which include emergency services, criminal justice, first responders, community infrastructure, and K-12 education-related projects. Thirteen government services project applications, totaling \$50.3 million, were submitted. Both transportation and government services projects were evaluated by a review panel and categorized into "Priority," "Recommended," and "Reviewed." The final list of projects will be forwarded to the Dayton Region Priority Development and Advocacy Committee for funding consideration. Mr. Daniel concluded by stating that MVRPC staff recommend forwarding the resolution endorsing these projects to the Board of Directors for final approval.

Mr. Nick Smith made a motion to recommend forwarding the resolution endorsing the FY2027 Transportation and Governmental Services PDAC projects to the Board of Directors. Ms. Goff seconded the motion. The motion passed unanimously.

V. MPO (METROPOLITAN PLANNING ORGANIZATION) ACTION ITEMS

A. Resolution 25-35: Recommended Adoption Supporting the IIJA Safety Performance Management Targets

Ms. Ramirez provided information regarding the Infrastructure Investment and Jobs Act (IIJA) Safety Management Targets. She explained that after a state DOT adopts targets for a particular rule, MPO's have 180 days from the date targets are established to adopt their own targets or support the state targets. The MPO deadline for adopting safety performance measure targets is February 27, 2026. MVRPC recommends supporting the State's targets for the safety measures. Ms. Ramirez then summarized the safety measures and targets including the impact that a 2% annual reduction goal would have in the MVRPC area. The 2% reduction for CY 2026 maintains the rate adopted in CY 2025 due to Governor DeWine's focus on safety.

Ms. Frank Hoppe made a motion to recommend forwarding the resolution supporting the IIJA Safety Performance Management Targets to the Board of Directors for adoption. Mr. Norton seconded the motion. The motion passed unanimously.

B. Resolution 25-36: Proposed List of 2050 Long Range Transportation Plan Congestion Management Projects; Summary of Public Participation Meetings; and Financial Analysis

Ms. Ramirez and Mr. Arnold presented an overview of the financial analysis and proposed projects for the 2050 Long Range Transportation Plan. The presentation summarized projected transportation revenues over the next 25 years, totaling approximately \$5.4 billion from federal, state, and local sources, and explained how these funds are expected to be allocated between maintenance/reconstruction needs and capacity, operational, and safety improvements. They also reviewed the development of the proposed Congestion Management Project List, including public participation efforts, project evaluation criteria, and financial feasibility, and outlined next steps such as required technical analyses and conformity reviews. Lastly, Ms. Ramirez stated that staff recommend forwarding the resolution to the Board of Directors to adopt the proposed 2050 Long Range Transportation Plan Congestion Management Projects.

Mr. Swanson made a motion to recommend forwarding to the Board of Directors for adoption. Ms. Rhoades seconded the motion. The motion passed unanimously.

C. Resolution 25-37: Recommended Adoption of Revision #6 to MVRPC's SFY2026-2029 Transportation Improvement Program (TIP)

Mr. Arnold referred to the sixth revision to the SFY 2026-2029 TIP and the numerous project changes made by MVRPC and ODOT. He reviewed key project details for all local jurisdiction projects and tables by county. He paused for any questions about the statewide line-item project tables or any projects. Afterwards, Mr. Arnold noted staff recommends forwarding Revision #6 to the SFY 2026- 2029 Transportation Improvement Program to the Board of Directors.

Mr. Escobar made a motion to recommend forwarding to the Board of Directors for adoption. Mr. Shahan seconded the motion. The motion passed unanimously.

VI. INFORMATION ITEMS

A. Proposed New Projects Requesting MVRPC's STP, TA & CR Funds

Mr. Arnold shared the proposed new projects received as part of the solicitation for MVRPC regionally controlled funding under the Surface Transportation Program (STP), Transportation Alternatives (TA) and Carbon Reduction (CR) programs. He then explained that a public involvement meeting to present the proposed new projects was held on November 6, 2025 and no comments were received during the public comment period. Lastly, Mr. Arnold announced that the next step in the process is to evaluate each proposed project based on the criteria established in MVRPC's suballocated funding policies and procedures. Once each project is ranked, a final list of recommended projects will be reviewed by the TAC in February 2026 and then forwarded to the Board of Directors for final approval in March 2026. He then opened the floor for questions.

B. MVRPC Website User Survey

Ms. Davis provided information regarding a user survey for the MVRPC Website. She explained that MVRPC will be releasing an RFP to find a consultant to update mvrpc.org. The goals of the website update include: improved ADA compliance, improved user experience, navigation and search capability, new platform to replace outdated platform, and improved content management. Lastly, Ms. Davis invited committee members to take a survey to provide feedback on user experience and navigation. The survey will end December 31, 2025.

VIII. ADJOURNMENT

Chairperson Huelskamp adjourned the meeting at 10:49 a.m.

MEMORANDUM

To: Technical Advisory Committee, Board of Directors
From: MVRPC Staff
Date: January 5, 2026
Subject: Resolution Delegating Conformity Determinations for Neighboring MPOs (CCSTCC and OKI) Conformity Actions to MVRPC Staff.

The MVRPC MPO is comprised of the counties of Greene, Miami, and Montgomery as well as the Cities of Franklin, Carlisle, and Springboro, and Franklin Township in northern Warren County. Warren County is located in the Cincinnati air quality Region (Cincinnati Region), with the remainder counties in the MPO located in the Dayton/Springfield air quality Region (D/S Region). The D/S Region also includes Clark County, which is represented by a different MPO, the Clark County Springfield Transportation Coordinating Committee (CCSTCC). Due to multiple air quality regions and MPOs, conformity is closely coordinated with neighboring MPOs. The figure below illustrates this complex situation.

Based on recent guidance by FHWA staff, **it is now required that when one of the MPOs in a multi-jurisdictional area wants to make an amendment to its Plan or TIP that includes non-exempt projects, all the MPOs in the multi-jurisdictional area must make a conformity determination on their Plan or TIP.** To address conformity actions in neighboring MPOs, the FHWA staff has offered the following two options for the MPOs that are not amending their Plans/TIPs to make the necessary conformity determination:

- via a new policy board resolution every time a conformity determination is needed or,
- by having the MPO policy board delegate their authority for making a conformity determination for the above scenario to MPO staff. (This option requires an MPO policy board resolution delegating this authority.)

MVRPC staff is proposing that the Board of Directors delegate this authority to the MVRPC staff (in particular to the current member of the interagency consultation process), in order to avoid unnecessary delays such as not having a board meeting when a neighboring MPO needs a conformity action that could lead to projects being delayed, not being sold on time, etc...

Upon concurrence by the MPO members of the Board of Directors, the attached resolution will be forwarded to our state (ODOT) and federal (U.S. DOT and U.S. EPA) partners to formalize the MVRPC conformity determination process when conformity actions only affect non-exempt projects in neighboring MPOs.

**RESOLUTION 26-01
DELEGATING CONFORMITY DETERMINATIONS FOR NEIGHBORING
MPOS (CCSTCC and OKI) CONFORMITY ACTIONS TO MVRPC STAFF**

WHEREAS, the Miami Valley Regional Planning Commission is designated as the Metropolitan Planning Organization (MPO) by the Governor acting through the Ohio Department of Transportation in cooperation with locally elected officials for Greene, Miami, and Montgomery Counties including the jurisdictions of Carlisle, Franklin, Springboro, and Franklin Township in Warren County; and

WHEREAS, the MVRPC's Board of Directors serves as the policy and decision making body through which local governments guide the MPO's transportation planning for the Dayton Metropolitan Area; and

WHEREAS, the MVRPC currently conforming 2050 Long Range Transportation Plan (2050 Plan) was adopted in May 2021; and

WHEREAS, the MVRPC SFY2026-2029 Transportation Improvement Program (TIP) Update is consistent with the existing 2050 Long Range Transportation Plan; and

WHEREAS, the 2050 Long Range Transportation Plan is fiscally constrained; and

WHEREAS, the conformity process completed for Greene, Miami, and Montgomery Counties in the Dayton/Springfield Air Quality Region meet the Clean Air Act and Transportation Conformity rule requirements for the 1997 ozone standard; and

WHEREAS, significant TIP projects in Franklin, Carlisle, Springboro, and Franklin Township have been included in the regional emissions analysis for the Cincinnati Region and found to conform to the 2008 and 2015 8-hour ozone standards; and

WHEREAS, Federal Transportation Conformity Regulations, require that when one MPO in a multi-jurisdictional area makes an amendment to its Plan or TIP for non-exempt projects, all MPOs in the multi-jurisdictional area must make a new conformity determination on their Plan or TIP.

NOW, THEREFORE, BE IT RESOLVED, that the MPO Members of the Board of Directors of the Miami Valley Regional Planning Commission hereby delegate conformity determinations as a result of conformity actions (Plan and/or TIP amendments of non-exempt projects) in a neighboring MPO to the MVRPC staff interagency consultation member, currently the Director of Transportation Planning and Funding.

BY ACTION OF THE MPO Members of the Miami Valley Regional Planning Commission's Board of Directors.

MEMORANDUM

To: Technical Advisory Committee, Board of Directors
From: MVRPC Staff
Date: January 6, 2026
Subject: SFY2026-SFY2029 Transportation Improvement Program (TIP) Revision #7

Over the last few months MVRPC, ODOT, Miami County Transit and GDRTA have made numerous changes to the programming documents for various projects resulting in the need for a SFY2026-SFY2029 TIP revision. The attached TIP Tables 4.1, 4.2, 4.3, 4.4, 4.5, 5.2, 5.3 and 5.4 reflect the updated information for each specific project. Modifications to Statewide Line Item projects are shown on Table 4.6 and are provided for information only. A TIP terminology explanation chart of key abbreviations used in the highway/bikeway tables precedes Table 4.1. A resolution adopting the proposed TIP revision is attached for your review and consideration. The MVRPC staff recommends your approval.

RESOLUTION 26-02
REVISING THE SFY2026-SFY2029 TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Miami Valley Regional Planning Commission is designated as the Metropolitan Planning Organization (MPO) by the Governor acting through the Ohio Department of Transportation in cooperation with locally elected officials for Greene, Miami and Montgomery Counties including the jurisdictions of Carlisle, Franklin, Springboro and Franklin Township in Warren County; and

WHEREAS, the MVRPC's Board of Directors serves as the policy and decision making body through which local governments guide the MPO's transportation planning process for the Dayton Metropolitan Area; and

WHEREAS, all Federally funded transit and highway improvements within Greene, Miami and Montgomery County must be included in the region's Transportation Improvement Program (TIP) prior to the expenditure of Federal funds; and

WHEREAS, the SFY2026-SFY2029 Transportation Improvement Program was adopted on May 1, 2025; and

WHEREAS, MVRPC, ODOT, Miami County Transit and GDRTA have made numerous changes to the programming documents for various projects resulting in the need for a SFY2026-SFY2029 TIP revision; and

WHEREAS, the proposed revision is consistent with the Region's long-range transportation plan; and

WHEREAS, this TIP revision is consistent with the regional air quality emission analysis of the SFY2026-SFY2029 TIP; and

WHEREAS, the MVRPC Public Participation Policy for Transportation Planning process allows for minor TIP revisions such as this to occur without separate public involvement meetings; and

WHEREAS, this revision will result in a TIP that is in reasonable fiscal constraint

NOW THEREFORE BE IT RESOLVED, that the MPO members of the Board of Directors of the Miami Valley Regional Planning Commission hereby adopt **Revision #7** to the SFY2026-SFY2029 Transportation Improvement Program as shown on the attached TIP Tables.

BY ACTION OF THE MPO members of the Miami Valley Regional Planning Commission's Board of Directors.

An aerial photograph of a two-lane road curving through a lush green forest. Three cars are driving on the road: a teal car in the lead, a white car in the middle, and a blue car in the rear. The blue car has several concentric white circles around it, representing sensor waves or a detection field. The right side of the image is overlaid with a dark blue background featuring a white hexagonal pattern.

Ohio AV Collaborative

2025

Ohio AV Collaborative | Purpose

*Engage AV stakeholders in preparing our **policies, infrastructure, and workforce** to support safe and beneficial AV adoption in Ohio.*

Ohio AV Collaborative | Goals

A forum for public agencies, industry leaders, researchers, and community representatives to:

- Inform future state policies and processes
- Coordinate public engagement to build public understanding and trust
- Create pathways to support workforce development

NEVI Update

- ODOT, through DriveOhio, is continuing with NEVI.
- Round 3 RFP is live!
 - Responses due February 5, 2026 @ 1PM

Drones for First Responders Pilot

- Ohio House Bill 96 created pilot program
- Supports use of drones by law enforcement, fire departments, and EMS
- \$2.5 million for drones, training, and implementation support

eVTOL Integration Pilot Program (eIPP)

- FAA pilot program to accelerate deployment of AAM vehicles
- Ohio to partner with eVTOL manufacturers to implement real-world applications in healthcare or cargo delivery
- Responses due to FAA in January 2026

Automated Truck Deployments

- Ease Logistics/Kratos deploying Truck Platoon technology between Columbus and Indianapolis
- Nussbaum will deploy Level 2 technology in trucks traveling throughout the Midwest in March 2026
- RFP/ITB active for Level 4 demonstration

CV Statewide Deployment Plan

- DriveOhio developing Ohio-specific, statewide strategy for V2X deployment
- Aligns with U.S. DOT's V2X Deployment Plan released in August 2024
