MEMORANDUM

To: Technical Advisory Committee and Board of Directors

From: MVRPC Staff

Date: July 18, 2024

Subject: Recommended Approval of MVRPC TRAC Projects for CY2024

Formed in 1997, by request of the Ohio Department of Transportation (ODOT), the Transportation Review Advisory Council (TRAC) is a permanent body of predominantly non-ODOT personnel, which administers the project ranking and selection process for all major new projects in Ohio. To learn more about the TRAC please visit their web site at: <http://www.dot.state.oh.us/trac/Pages/Default.aspx>.

Metropolitan Planning Organizations (MPOs) such as MVRPC have several responsibilities to fulfill for a project to be considered by the TRAC. The TRAC can only fund projects that are included or consistent with the MPO's Long Range Transportation Plan (LRTP). The TRAC also takes into consideration regional and local priorities by requesting MPOs to submit project priority lists. In addition, all projects need to be approved, reviewed, or commented on by the appropriate MPO.

In an effort to provide the TRAC a project priority list, the MVRPC Board adopted its *Policies and Procedures for Considering Major New Capacity Projects* (available at www.mvrpc.org) and MVRPC staff has completed its review of the single CY2024 TRAC project submitted this year in accordance with the Policy. The project we received is an excellent project and the entire Miami Valley strongly supports the completion of this project. MVRPC staff is forwarding this project to the MVRPC TAC and Board of Directors as a priority project for final approval prior to submittal to the TRAC.

Based upon the process summarized above, staff recommends the approval of the CY2024 MVRPC Recommended TRAC project list as shown in Exhibit 1.

Exhibit 1

<i>MVRPC's Recommended TRAC Projects for CY2024</i>	
	<i>Project Status</i>
MOT-DIA Northeast Logistics Access Project - The MOT-DIA Northeast Logistics Access project will improve surface transportation routes along the eastern and northern perimeter of the Dayton International Airport (DIA), and will provide a link between burgeoning logistics development around the airport and the interstate highway system through the I-75/ Northwoods Boulevard interchange. The improved routes will include North Dixie Drive, Northwoods Boulevard, and Lightner Road, and the project will also include the construction of almost three miles of continuous shared use path. The current TRAC request is for \$1,800,000 Right of Way funds and \$160,000 Detail Design funds in SFY 2025.	Priority

RESOLUTION 24-022 APPROVING THE MVRPC PRIORITIES FOR MAJOR NEW CAPACITY PROJECTS FOR CY2024

WHEREAS, the Miami Valley Regional Planning Commission is designated as the Metropolitan Planning Organization (MPO) by the Governor acting through the Ohio Department of Transportation in cooperation with locally elected officials for Greene, Miami and Montgomery Counties including the jurisdictions of Carlisle, Franklin, Springboro and Franklin Township in Warren County; and

WHEREAS, MVRPC's Board of Directors serves as the policy and decision making body through which local governments guide the MPO transportation planning and programming process; and

WHEREAS, the Ohio Department of Transportation (ODOT) has created the Transportation Review Advisory Council (TRAC) to develop and implement a decision making process to direct the major new capacity investment decisions of ODOT; and

WHEREAS, ODOT's TRAC Policies and Procedures encourage MPOs to evaluate all eligible projects submitted within their regions according to their priorities; and

WHEREAS, staff has evaluated the single MVRPC area CY2024 TRAC application based upon the adopted policy.

NOW, THEREFORE, BE IT RESOLVED, that MVRPC's Board of Directors hereby adopts the CY2024 major new capacity project list as shown in Exhibit 1.
