Section 5310: Enhanced Mobility for Seniors and Individuals with Disabilities

September 21, 2017

Kim Lahman, Director
Sustainable Solutions and Transportation Alternatives

Kjirsten Frank Hoppe, Senior Planner, SSTA

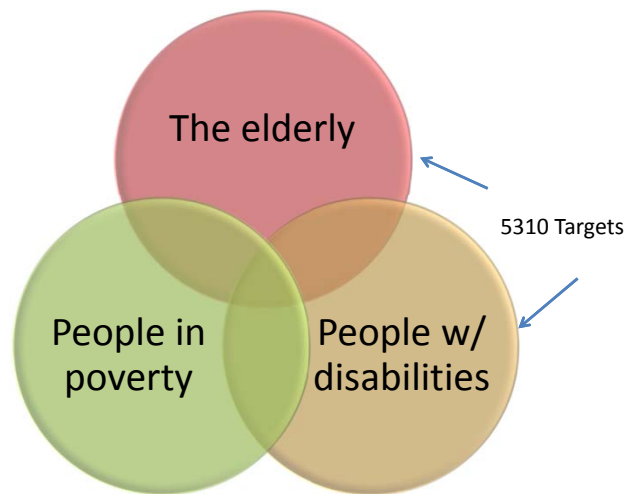

Section 5310

Enhanced Mobility for Seniors and Individuals with Disabilities

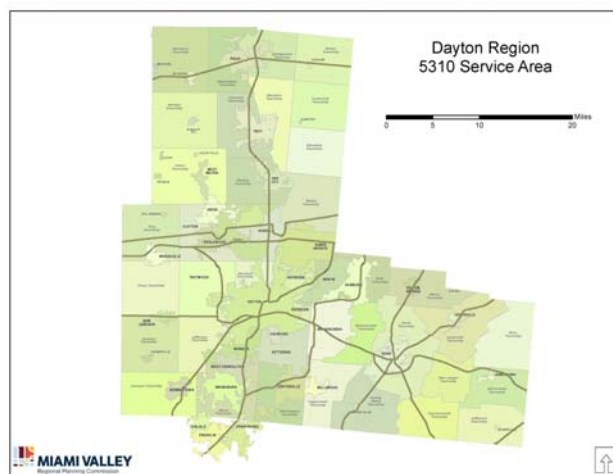

- Primary focus: capital equipment for non-profits providing transportation to target populations
- Top priority for our regional allocation: maintain and improve the fleets of existing 5310 agencies “in good standing”
- “In Good Standing” = adequate usage, driver screening and training, preventive maintenance, required reporting, participation in coordination efforts, etc.

Focus on Non-Drivers in these Groups

5310 Service Area

Available Funding

FY 2017 available to award = \$741,428

- 80% of capital costs of accessible vehicles
- 80% of accessible infrastructure
- 80% of Mobility Management costs
- 50% of Operations
- **Match – must be non-DOT funds**

Funding Priorities

- **First Priority**
 - Replacement vehicles for **currently-participating 5310 agencies**,
 - Mobility Management services
 - Projects that improve access to fixed route transit
- **Second Priority**
 - Expansion Vehicles for **currently-participating 5310 agencies**
- **Third Priority**
 - Replacement or expansion vehicles for **agencies already providing transportation to target populations, but not currently participating in 5310**
- **Fourth Priority**
 - Expansion vehicles for **agencies not currently providing transportation to target populations**

Coordination Plan Priorities

- transportation for dialysis and other repetitive medical treatments;
- the growing transportation needs of seniors;
- trips for people with disabilities, the elderly and low-income residents, especially those who need to cross jurisdictional boundaries;
- completing essential pedestrian infrastructure, especially to improve access to transit for people with disabilities;
- the growing need for transportation to jobs, medical and shopping for low-income residents;
- an overarching emphasis on coordination of the Region's limited transportation resources.

Resolution

- Adopt Program of Projects, and
- Amend Human Services Transportation Coordination Plan
