MEMORANDUM

To: Technical Advisory Committee, Board of Directors

From: MVRPC Staff

Date: October 7, 2019

Subject: Adoption of Resolution Supporting the FAST Act Performance Management Targets

The Fixing America's Surface Transportation Act (FAST Act) continues to place emphasis on the performance management approach first specified in the Moving Ahead for Progress in the 21st Century Act (MAP-21). It requires state DOTs, transit agencies, and MPOs to establish performance and outcome-based programs in several national priority areas.

While the various rules have different deadlines, generally, after a state DOT adopts targets for a particular rule, MPOs have 180 days from the date targets are established by a state to adopt their own targets or support the state's. The MPO deadline for adopting safety performance measure targets is February 27, 2020. MVRPC has decided to support the State's targets for the safety measures. Safety measures apply to all public roads and are adopted annually.

Exhibit 1 summarizes the safety measures and targets including the impact that a 2% annual reduction goal would have in the MVRPC area. The 2% reduction for CY 2020 represents an increase over CY 2018 and 2019 of 1%, due to Governor DeWine's focus on safety and associated increases in funding.

A resolution to support the FAST Act performance management targets as established by ODOT is attached and staff recommends its adoption.

Safety Performance Measure	2014-2018 Baseline State**	2018 Target State**	2020 Target* State	2014-2018 Baseline MVRPC	2020 Target* MVRPC	Met Target or Progress? **
Number of Fatalities	1,099	1,051	1,055	76.4	73.4	No
Fatality Rate	0.95	0.91	0.91	0.86	0.82	No
Number of Serious Injuries	8,692.2	9,033	8,348	611.8	587.6	Yes
Serious Injury Rate	7.51	7.92	7.21	6.89	6.61	Yes
No. of Non-motorized Fatalities and Serious Injuries	858.4	853	824	71.4	68.6	Progress

* Using a 2% annual reduction goal from baseline conditions.

** First determination of progress would be made at the State level only, comparing 2018 targets to 2018 actuals (based on 2014-2018 rolling average). ODOT currently estimates that it will meet the targets for number of serious injuries and injury rate and make significant progress towards the number of Non-motorized Fatalities and Serious Injuries.
